It was certainly an honor to receive Barbara's letter requesting information for "CHIPS".

I am rather a newcomer in the "WOOD" family as my start over 35 years ago was in collecting U.S. coins, which later changed over to tokens and medals, thus leading into exonumia and woods.

My specialty in exonumia is Prison Memorabilia for which I have recently authored a catalog. "The Media of Exchange of our Penal Institutions", came as a supplement to the April 1981 TAMS Journal.

In the past two years I have been quite involved in the collecting of New Jersey Exonumia. I am proud to say that within my collection of N.J. exonumia I have over 1000 different woods. I believe this to be the largest collection of N.J. woods ever assembled.

I am Treasurer for the Garden State Numismatic Association, Secretary/ Treasurer of the N.J. Exonumia Society, and Past President and Editor of the Ocean County Coin Club.

I hold Life Memberships in the Garden State Numismatic Association, the N.J. Exonumia Society, the Ocean County Coin Club, the New Egypt Coin Club and the Monmouth County Coin Club.

I am a member of the International Organization of Wooden Money Collectors, American Numismatic Association, Token and Medal Society, Pioneer Wooden Money Society, N.J. Button Society and the Israeli Numismatic Society of Central Jersey.

In my spare time I manage to either speak or exhibit on my favorite subject -- Prison Money. While exhibiting I have won many top awards for my efforts.

GOODBYE EILEEN ... It was a shock to learn of the death of Eileen Lawson (#1314). She was a most active collector-dealer with a fondness for woods. Eileen Lawson wore many hats in numismatics. She was Editor of the Los Angeles Coin Club publication. The Wire Edge for 8 years. She was President of L.A.C.C., in 1979. Served as Secretary for 11 years. Was V.P., and at the time of death the Club historian. The list of numismatic organizations she belonged to is a long one and of course included I.O.W.M.C. It was always a genuine pleasure to see this lovely person at her table at Coin Shows and to greet at meetings. Eileen Lawson will be loved and remembered by all who knew her.

HOW THE MIGHTY HAVE FALLEN ... With regret I read where almost insurmountable difficulties have befallen the once thriving Sambo Restaurants. It seems like just a short time ago our organization was closely associated with the Sambo name. So many of our older members even at this date treasure their collections. It is very possible the new generation of woodies will discover the Sambo woods and they will become collector items. To quote a LOS ANGELES TIMES writer, the firm has closed 447 restaurants since November 9, 1981. Another tragic part of the story, nine to ten thousand persons lost their jobs. A sad ending to a company that had such a bright future.

THE DEAN OF DEANS ... Douglas Ferguson (#1359) of Rock Island, Que. has returned to his favorite nest in the States, Cocoa Beach, Florida, for the winter. This great and knowledgeable gentleman is the most beloved person in all of Canada (wish I knew what he has forgotten.) Most unfortunately, Doug Ferguson is under the care of his Florida physician with cardiac inefficiency but is making headway. It is a heart felt wish that he make a complete recovery very soon.

LUCKY LADY ... Veda McNeeley (#544) of Wahoo, Nebraska will be spending six weeks in New Orleans this winter at the home of her son. Veda has served 12 years as Secretary for the Wahoo Coin Club and has the distinction of being the Club's first female member. Veda McNeeley also served as Secretary to the now closed Missouri Valley W/N Society which had a membership very close to I.O.W.M.C. This Veda gal is all sugar, spice 'n everything nice.

FOLLOWING IN BIG DADDY's FOOTSTEPS ... The Numismatic Association of Southern California will hold their 27th annual convention at the Ambassador Hotel in Los Angeles January 28–30. Collectors and dealers arrive days early and stay days later after N.A.S.C. closes to visit the sights of L.A. It is the next largest annual numismatic event after Big Daddy A.N.A. It's a breeze for me to attend as my P.O.Box is right in the Ambassador Hotel.

MY WISH FOR YOU ... Is that every day in the coming year be filled with health and happiness. Nothing else matters. Take time out to count your blessings. We all have much to be thankful for. No matter what problems one may have there is always someone who would consider themselves fortunate if they could step into your shoes. God bless.

Two years ago my Doctor ordered me to stay in bed for awhile or have a open heart operation. Now being active all the time I just couldn't sit still doing nothing. So I asked my Doctor couldn't I do something as I was getting nervous just sitting. His answer was as long as I didn't move around to much and stayed in bed or in my easy chair.

Next question was what could I do sitting in bed but I had lot of ideas

Next question was what could I do sitting in bed but I had lot of ideas I wanted to try out. As elongated coins are my first love and I design and roll my own coins I just could work on this. As I put a lot of my elongated coins on my wood, I started to get an idea of making a few wooden elongated pennies as small as the pennies I roll out.

As I sat there one night I asked my husband Al if he had certain cutters or tools I could use. I had some thin wood that one carpenter gave me once, so I would give it a try what I had in mind. As I had to sit and not walk on my legs at all I did the best I could. First I had to measure and draw the size I wanted. With a big wood cutter tool I had I cut out what I wanted. The sample I made didn't look to good at first but after I sanded the wood I had what looked pretty good.

After that I sat night after night cutting wood out in the shape of a small elongated coin. After this was done and a few sore fingers to show for this I had to sit night after night sanding each and everyone I cut. This was a workout as somehow it bothered my heart. Again my Doctor said I must give this up but I couldn't. I worked this out as when my friends came to visit me I handed each some sand paper to sand the wood. This way I only had to check each one to see they were done right. It was a slow production but I did finish lots more then I expected.

Getting them ready to print was another job but I bought what I had to and I was ready. As I do things the hard way it took me longer to do but after I printed the first few I was a little proud. Even though all this took me a few months to do I ended up making fifteen different wooden elongated pennies. Nothing real fancy but as far as I know they were the

first wooden elongated pennies made.

I did put a few sets of 10 and 15 in some Philatelic Numisatic Covers and had them cancelled last year at the A.N.A. Convention in Cincinatti, Ohio. I wouldn't part with any of these covers as they will be rare collectors items someday. Last year I gave many of these wooden elongated pennies the size of a real rolled out penny and the rest I sold.

I do not know if I will make any more, but maybe later I will. I do know it was a good idea that worked but it also was a lot of hard work. Yet it was fun trying out a new idea. So if I could do it so can others why not try and come up with something even better.

BOOK REVIEW

Book of Buffs, Masters, Mavens and Uncommon Experts. Editor, Henry Doering. New Jersey: Prentice-Hall, Inc., 1980. Forward by the editor. 342 pages. Hardbound: \$12.50. Also available in softbound.

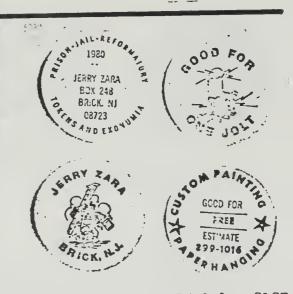

There have been several books of late written about interesting and unusual hobbies. For example: The Collecting Book, by Ellen Liman with Lewis Liman, and, The Passionate Collector, by Ellen Land-Weber. But one of the best around is the Book of Buffs, Masters, Mavens and Uncommon Experts. This book is a compilation of more than 200 men and women who are considered experts in all kinds of hobbies. Such diverse activities include doorknob collecting, railroad photography, and, last, but certainly not least, wooden money collecting.

I first became acquainted with this book when my brother, Jack Bales. sent me some copied pages from it. He is probably one of the world's foremost authorities on Horatio Alger Jr. and his works, and Jack is included in the book. Besides himself, the pages he sent me were also of three of the most prominent wooden money collectors: Wendell Morningstar, Wayne Dennis, and Virginia Dennis.

The book has eleven chapters; these include such topics as Numismatics, Civil War, and History. Broken down within each chapter are the more specific units about individual people and their hobbies. Besides wooden money, the chapter on Numismatics includes bank checks, biblical coins, and Chinese currency.

An excellent table of contents and index compliments these excellent units. It was very easy to find the units on wooden money by using these reference guides. Incidently, both units - the one about Wendell Morningstar, and the one on Mr. and Mrs. Dennis - were very well written so that even a stranger to the hobbby would find, I'm sure, this collecting field an interesting one.

So if you want to read about how "the other guy" is spending his leisure time, pick up a copy of this book soon. My copy was a Christmas present, given to me on Christmas Eve, and I was up till 2:00 a.m. Christmas morning reading it. I finished it early the next day. I found it fascinating and informative, and think that other people will too.

I have been active in numismatics in the South for over three decades, serving as Secretary of the Chattanooga Coin Club from 1964 until 1972 with the exception of one year when I served as the first and only woman president of this club which was organized in 1948. Since then have served as Chairman of Public Relations, nominating committee, by-laws committee, and installation banquet each year. Started an educational program for each meeting and am one of four Honorary Life Members.

Charter member of the Tennessee State Numismatic Society and one of three Honorary Life members of this group. I have served as Secretary-Treasurer since 1969 and Bourse Chairman of the Annual Show since 1970. Established an annual educational forum for T.S.N.S. Encouraged and supported Junior Membership and helped establish the Ann McNabb Memorial Fund for Junior Exhibitors.

Presently serving on the Board of the Blue Ridge Numismatic Association and hold membership in ANA, BRNA, CCC, Chief John Ross Coin Club, California State Numismatic Association, Georgia Numismatic Association, Dedicated Wooden Money Club, International Order of Wooden Money Club and Pioneer Wooden Money Society. In addition to Numismatic I'm active in the First Presbyterian Church, Pilot Club of Chattanooga, Chattanooga Business Women's Club (having been elected Woman of The Year in 1979), Kosmos Woman's Club. Registered Medical Secretary employed by the Chattanooga Internal Medicine Group.

The American Numismatic Association Convention is the highlight of our year where my husband, Tom, can pursue his hobby of collecting wooen money and I can add to my collection of FRIENDS! I consider my "WOOD" friends the "CREAM OF THE CROP"... as we say in Tennessee.

PRESIDENTS MESSAGE

WALTER A. SCOTT

Sorry, but due to our editors December vacation my message did not arrive in time for publication. Even without such found "Chips " just as interesting. With the holidays ending a old year which involved gift giving, sending our family and friends greetings including some forgotten throughout the year, parties and dues falling due in clubs and organizations that help to fill our lives, gives many a poor start on the "New Year " with empty pockets. It is always the time that officers of the organizations hope that all the members stay with them another year or permanently.

Several have requested infromation as to how they can become "Life Members" Our club has set up, that if desired a member can pay the amount of \$100.00 dollars over the period of one year and will recieve the next L M number. The funds are put in a special L M account. A "Honary Life Membership" is also awarded at times to a member that has preformed many outstanding services to

the club over the period of years.

The beginning of a new club year is the best time for us to really try to obtain new members to join us in our Wood Collecting Hobby. Since August, A total of nineteen has joined and sure we all wish them, Happy Collecting.

My last message covered ones that had exhibited Woods, surely some were missed as many have exhibited in club meetings and at shows in CA. and WA. It is not a hard task to assemble a small exhibit of some catagory and coin shows, stores, banks or schools nearly always will furnish a space where it can be seen and protected from damage. If any infromation is needed any member that has ever exhibited would give advice to help you.

Mayme, decieded to let me have a trip to the NENA. convention and show held at Hartford, Conn. Dec. 11-12-13, as my Christmas present. Real fast I laid out all the Holiday wood issues recieved so far, useing a couple of pieces of the error wood blank on one side, set up a heading. Due to not pre-registering to exhibit and intended to put it in none competitive, but when requesting to do so upon arrival exhibit chairman Irving Cantor, and the event chairlady Sally Kirka, both IOWMC. members insisted it be entered in compition as missc. For this I recieved a very nice plaque to hang on my wall. Quite a few other wood collectors attended from the near by states and Paul Johnson, from Canada. It is always great to meet other collectors.

There is always more wood issue infromation and stories about wood issues needed for "Bunyan Chips" If you don't type, Surely other members will help you to get your item published (Ask) this makes it more possible for the editor to use them and saves lots of time.

Remember to enter your designed woods in the design contest and make a effort to be proud to recieve a award for, Literary, Membership and Outstanding Service. All committees and officers are performing there given duties.

It was reported in Dec. Chips Clara Bush Shanklin, hit by tree limb, this caused serious injury to her eyes as a, detached retina and muscle tears, Lets Wish Her Luck with returning good sight. Also recieved word George C. Stenson # 614 wife passed away December 20, We extend our deepest Sympathy.

Scotty

OUR LOSS, HEAVEN'S GAIN ... The entire numismatic world is in deep mourning for the passing of the Dean of Deans, J. Douglas Ferguson of Stanstead, Quebe, Canada. His name will always be remembered for his great knowledge and for his many contributions to the "collecting world." He was loved and admired by all who knew him as a man as well as for his accomplishments as a numismatist. Those of us who were fortunate enough to receive his 1981 Christmas flat before his death on December 7, 1981 will indeed cherish this treasure. Thanks, Doug, for remembering me.

WHAT IF CHRISTMAS CAME ... and no one sent Christmas woods. Thank goodness, that was not so. Even with the economy being what it is the majority of woodies who issue annually did so again this year and it is doubly appreciated when many luxuries have been cut. How sad it would be if there were no Christmas woods to receive, to hold, and to admire. My sincere thanks to the friends who remembered me with woods and cards. I love 'em.

CAN'T KEEP A GOOD MAN DOWN ... Tom King (#697), a real swell guy, remains cheerful and witty despite a heart-lung condition he developed a few years ago. He also faced the tragedy of a marriage of long duration that was dissolved. Some people are loaded with stout stamina and can whip any obstacle. That's you, Tom King.

SECOND YEAR IN A ROW ... Illness keeps following Cora Lea Altland (#C74) and her handsome hubby, George. It's another year of in and out of hospitals and this was heartbreak year. Malignancy was discovered in George. These are real fine down-to-earth people and so nice to know. Sometimes I'm so overcome with sad news my pen just stops writing. We all love you, Cora Lea and George.

SANTA ON THE BAYOU ... The welcome annual Santa On the Bayou Christmas wood got off to a great start. "The Captain and the Crew" - namely Dr. Ron Francis (# 1434) and Johnny Blackman - are sole owners of the Bayou Love Boat idea which cruises up and down the bayou on Christmas to distribute toys and candy to the children of the bayou. The kids excitedly await their arrival as this is a most special night for them and they claim Santa On the Bayou as their very own. After all, how many Santas do you know who arrive by boat with lights winking and blinking and music playing to the beat of Dixieland jazz. The moms and Dads have Sazeracs and Ramos', ready and waiting in case "The Captain and Crew" are tiring. I tip my bonnet to a pair of kings, Dr. Ron Francis and Johnny Blackman. Never stop. You are special!

BELATED HAPPY BIRTHDAY ... To Matthew Gudman (#1334) on his 68th birthday. Numismatist friends arranged a goodly gathering to honor Matt and I hear it was a bang-up affair loaded with fun. Many of those present were members of the Cape Coin Club (N.J.) and during a recent meeting they had 62 members present. That's a major convention-size meeting. May the rest of your days be the Best of your days, Matthew Gudman!

WE'LL GET TOGETHER ... again next month, God willing. Bye till then.

FRIEND???

On July 27, 1981 I boarded a plane for New Orleans because I wanted to set up 2 Exhibits at ANA. I should have attended the Awards Ceremony on Sat. but I was concerned with picking up my exhibits early so I could make an SAN limousine on Sun. Morning to get to the Airport in time to make my plane home.

I waited and waited for my medal to arrive and when it didn't arrive by Dec. I I wrote to the Exhibit Chairman. Not hearing from him I wrote to Ken Hallenbeck. Around the middle of Dec. I received a letter from Colo. Springs telling me all medals had been picked up but they hadn't asked the person to sign for it.

Now it was very nice for someone to pick up the medal but darn dishonest to keep something that had my name engraved on the back. I would never treat another person that way!!

1982

Dear Friend:

We are saddened by the passing of J. Douglas Ferguson on Pearl Harbour Day of "81". Our 1981 Coin Week Wood honoring Mr. Ferguson in retrospect now stands as a memorial to this great leader. Another admirer recently referred to "J.D" as the Dean of Deans in numismatics and the most beloved collector in all of North America:

Our 1982 Coin Week Whooping Crane wood shares space with what has been known as the 1911 "Godless" Canadian Large Cent. The presence of the DIETY on North American coins has long been in controversy. Theodore Roosevelt believed that GOD was too sacred to adorn a common coin. Not many Americans or Canadians seem to agree with Madeline O! Hare's atheistic views and lawmakers have rued the day they tampered with Christian mottos.

This wood was so designed that a skilled craftsman could remove the wooden coin designed in the center and replace it with a real Canadian Large Cent with DEI GRA on one side and ONE CENT 1911 on the other. Only a dozen of these Whooping Crane "Coppers" have been produced. .

We hope that the enclosed wood and vignette will add to the excitement of numismatics in 1982.

Cordially, Alen + amber Glen & Amber Littrell

COIN WEEK NORTH AMERICA...DEI GRATIA....THE WHOOPING CRANE

In the wake of the ice age, 500,000 years ago, the Whooping Crane was a flourishing specie of the bird population. By the time the Pilgrims landed at Plymouth Rock their numbers had diminished to a mere 1.500 birds. By 1939 they were designated as an endangered specie with only 14 birds remaining. In recent years the governments of Canada and the United States established a wildlife program to reverse the demise of the famous "whooper". There are now approximately 100 birds in existence.

From the ground, the whooping cranes resemble blacktipped crosses in the sky protected by the "Grace of God" from, the loss of habitants, predators, and man's animosity. As the cranes leave Canada's N.W. Territory, they spiral higher and higher above the spruce and tamarack and then turn south to ride the wind the length of the North American Continent.

The sight of the whooping cranes in the air is an experience packed with beauty and drama. As they glide through the sky, there is a dignity and sense of unconquered wildness essential to their will to survive. There are times when the cranes' clarion call fill the heavens with a windsong resembling the sound of the trumpets from the Angel Gabrial. After wintering in the grasslands of South Texas' balmy coastal bend, the whooping cranes will return to Canada in mid-April. This is the same time frame that is set aside for Coin Week North America.

The whooping crane is not the only victim of evil forces. Both the United States and the Canadian monitary systems have been desecrated on occasions by those who appear to be non-believers of a Supreme Being. In 1910 Canada passed the Revised Currency Act that resulted in the removal of DEI GRATIA (by the Grace of God) from 1911 fractional coinage. One of the victims of this decision was the 1911 large cent. The good people of Canada protested vehemently and insisted on the amended legend being returned to the 1912 coins. To this day Dei Gratia; Dei Gra; or D.G. appears on the coins of the Dominion of Canada

So it is that this 1982 Coin Week Wood has at least, in part, symbolically removed the blemish from Canadian coinage and "Dei Gratia" has properly returned to the 1911 large cent. There are some that believe that this act may not just be symbolic. It is reported that several large Cent enthusiasts have been systematically removing this "dis-grace-ful" coin from circulation. As late as 1980 most of the major dealers in Canadian coins on both sides of the border were canvased and offered a fair market price for the few remaining 1911 large cents, extra-fine and better. The response was surprisingly light. An inventory of the auction catalogues and the numismatic adds will confirm this conclusion. There is some discussion that if the 1911s are returned to the market they may bear a counter-stamp of a cross or some other appropriate mark to make it possible for the 1911 King George V large cent to take it's rightful place in the Court of Honor in Canadian numismatics.

In 1979 Robert Johnson of Baltimore Md. started the Amusement Token Collectors Assn. Since most persons will start with either a Wooden Money Club or Token and Medal Club and then branch out, some of our members might be interested. At present the Token Assn is having a membership drive for new members. The dues are \$2.00 and from time to time the members are given free tokens. Then each mothe club puts out 2 tokens at 2/25¢ for which the members pay \$1.00 every other month.

The Maryland Amusement Token Collectors Assn has chosen Abner Doubleday to be honored on the January 1982 Famous American Token. He was born in Cooperstown in 1819 and became known as an organizer of Team Ball Games. He graduated from West Point and went on to distinguish himself in a highly successful Military Career.

During the latter part of the 19th Century when Baseball became The National Sport inquiries were made concerning the origin of the game. Consequently Cooperstown was chosen as the home of the Baseball Hall of Fame

Nonmembers may rake inquiries on how to get this token by writing to the MATCA, P.O. Box J, Baltimore Md. 21228

VALENTINE WOOW

BY SALLY KIRKA February has always been the month of hearts and flowers. On the 14th of February is our National St. Valentines Day. This is sort of a special day for our loved ones, where we show our appreciation to our love ones by sending them all a Valentine card to remember this

As we are wooden money collectors some of us also send wooden money As we are wooden money collectors some of us also send wooden money postcarls, or just a round wooden nickel commorating this day. So whats a better way to do this by having a wooden Valentine nickel made for this special day. Some say it with flowers and candy, but we say Mappy Valentines Day the wooden money way. We not only please our loved ones by having their name on the wooden money and the wooden money becomes a collectors item by many of the wooden money collectors. As we all know many nice Valentine wooden money has been in the past few years.

I also had a special wooden postcard size wood made for this special day. As I said before my first love is elongated coins. I also have my two machine to make the elongated coins that I want. So when I make

day. As I said before my first love is elongated coins. I also have my num machine to make the elongated coins that I want. So when I make these large postcard size wood I always have an elongated coin in mind to go with the postcard wood.

I design one idea for St. Valentines Day and an elongated coin to go with the wood. Once I receive the wood I either add on or paint the wood so no one else would have my wood to sell but me. To this I added tiny lace around the heart that I had in the middle of the wood. Then with a special kind of glue I glued my Valentine elongated penny or a silver dime into the center of the heart. This sort of changed the wood to look more like a real wooden meney postcard.

This all took time as at times you had to hold each wood with your fingers until the copper coin would stick to the wood. Believe me not all plue will hold coins on wood, so this special glue had to be bought. Once when the lace and the coin that was glued was dried you sort of had a different Valentine wooden money no one else had.

In all the corners I think I had 14¢, but I forgot now, but I shows its wooden money. I also put my husbands name on the card to. Then I aided one more thing to the wood as I went to the postoffice and had my wooden money postcards cancelled on Fobruary 14th. So my Valentine wood not only covered the wooden money cellecters but was also cellected by the postcard collectors. It also evers the elongated collectors and it was also a Philatelic Numismatic Cover.

I io not have any to sell as these were made a few years ago as a dealer at coin shows, these were cold out long ago. This wood is not soll cheap. The few I have left I'll keep for myself. I wrote this to encourage others to try their luck and make something different as a nobby can be fun if you make it so.

WOODEN MONEY AS GIFTS

This Christmas I was able to utilize wooden money in several unusual ways. I thought that this might be a topic of interest to the readers of Bunyan's Chips.

My sister and brother-in-law went to school at Illinois State University; they spent many hours at the Sambo's restaurants in Bloomington, IL and Normal, IL. For a couple dollars I picked up a small wooden plaque at a crafts store, stained it, and on one side glued two Sambo's chips - Bloomington and Normal- and on the other side glued a Sambo's chip showing the standard Sambo design. After inserting a decorative hanger in the top, I had an interesting and meaningful Christmas tree ornament.

One could do the same thing with a Christmas wood. All you have to do is glue a Christmas wood on each side of the plaque, thus showing both wood sides, and there you have it.

My sister went to Northwestern University, in Evanston, IL. I obtained one each of every type of the Evanston flat - 13 of them - and then went to one of those "you frame it" stores. There I picked out a nice picture frame and mat. I then went home, and glued the woods onto the mat, and then framed it. The result was simply stunning; my sister, who, by her own admission, thinks wooden money collecting is "dumb", was overjoyed, and it hangs in a place of honor in her apartment.

A word of caution is in order here. I have read reports that one can varnish wooden nickels and thus preserve them. Don't you believe it. I ruined one of my plaques by doing just that - I ended up with a nicely varnished plaque, but the wood itself turned very dark, and the writing became almost unreadable.

Some people may think that by glueing the woods, I ruined them. I don't think so. To me, the purpose of a hobby is to bring enjoyment. If I can do that by glueing woods to a plaque, or to a framing mat, then more power to me.

I'm already thinking of next Christmas. My twin brother works in Virginia - all I need is a bunch of Virginia woods, then I'll get another picture frame, then I'll....

MARION BEARDSLEY

FULTON N.Y.

I O W M C # 682

I was born and raised in Fulton, New York and have never known the joys (?) of moving. I am the third generation of my family to occupy a large 9-room house which I now maintain by myself.

Before our retirement my husband and I discussed different kinds of hobbies and decided that when we reached the "senior" years we should be enjoying some kind of hobby. We decided the "Woodies" were quite a special group of friendly dedicated collectors. We became members of I.O.W.M.C. and eventually ended up with memberships in five other wooden organizations.

Since my husband's death, which ocurred in 1978, after 57 years of a happily married life, I still keep up my memberships in all the wooden money groups, keep in touch by correspondence with many new wood pals and meet many of them at the annual A.N.A. conventions I attend.

Had a coronary in 1970 but by being careful, lead what I believe to be a very busy, active life and so far have managed to stay out of the "old rocking chair."

Am especially looking forward to the A.N.A. Convention in Boston in 1982 as that was when I learned eight years ago that "Lignadenarists" are a very, very special group. I have found the stories most fascinating behind many of my wooden issues providing in many cases a lesson in history.

I look forward each month to my various "Woodnik" Bulletins to see what new and exciting woods may be obtained and in closing extend my best wishes to I.O.W.M.C. for a very successful year.

PRESIDENTS MESSAGE

WALTER A. SCOTT

Wooden - it have been nice if our winter had been a little warmer? Nearly all of our members have been effected in some way, except maybe the ones in Hawaii. Hopefully the Lamb will over rule the Lion this March, giveing us a nice beginning of Spring.

Several wood issues have already shown up commorating our 1 st. President George Washington's 250 th. birthday and may make another nice series to collect. Rarely a week passes that some item is seen in publications that would make a nice new issue for collectors.

Hopefully by now your dues have been submitted that a up to date member - ship list can be published with April "Bunyan's Chips "which possibly will be the cut off issue. This causes our "Editor "a consideral amount of work to with draw addresses and in some cases to later have to re-enter them if dues submitted later and it causes confusion to members to ad to the listing out of alphabetic order.

I was pleased to learn Marion Beardsley, has became our clubs 20 th. Life Member. Another dedicated Woodie, most likely obtained a 1 st. by haveing a artical published in Vol.1 # 1 of a new news publication San Joaquin " Eagle " Visalia, CA. Dec. 1981. Congratulations, Tom King and Marion Beardsley.

Many wood collections grows through friendship and by showing others thier collection. Nearly every time I take a book of wood issues to work or on a camping trip a few more issues are recieved. One member reported he obtained 30 issues on a recent trip to FL. as he shows his "Dairy Queen "collection and some managers are surprized that they are collectable items also it helps encourage more issues. In a small way the discontinuance of "SamBo" woods may have helped the resturant chain to faulter. Perhaps in the future a complete story on these issues will be all that is remembered of the company.

Happy Collecting, Scotty

OUTRAGEOUS HOTEL RATES ... Spoke with A.N.A. President Adna Wilde at a recent coin convention in Los Angeles and complained about the out-of-line hotel rates charged at recent conventions. These excessive prices will prevent many devoted collectors from attending. I doubt one tiny voice will do any good but I used it as I am concerned about our members. As it is going, soon many of us will never see each other again.

THE A.N.A. -- Blocked rooms and arranged for special rates at the following hotels. Make your reservations early to assure space at the hotel of your choice The Boston Convention is August 17 -22. (It is very inconvenient away from Headquarters Hotel).

READ 'EM AND WEEP -- Rates quoted are for a double room. (#1) Sheraton-Boston Hotel. Headquarters. \$87, \$94, \$99. (#2) Colonnade, lusury hotel, walking distance \$74, \$92, \$100. (#3) Lenox. Walking distance-3 blocks \$76, \$82, \$88 (#4) Midtown. Motel style with free parking, walking distance 5 minutes. \$63 (#5) Copley Square. Walking distance - 3 blocks. \$60, \$66, \$70, \$80. (#6) Howard Johnson's/57 Plaza. Walking distance - 9 blocks - subway or \$3.00 cab ride. \$85. (#7) Boston Park Plaza. Walking distance - 8 blocks - \$3.00 cab ride or subway. \$67, \$78, 83. (#8) Fenway Boylston (Quality Inn). Walking distance - 5 blocks. \$63, plus hotel tax. If single room is desired, deduct approximately \$10 off double room rate. More information next month.

GET HIM TO THE CHURCH ON TIME ... Don Robb (#1286) of Waterloo, Ontario, ex-prez of Canadian Association of Wooden Money Collectors, will soon be hearing wedding bells chime. Soon, too, you will be reading his portrait on the cover page. I must say our Canadian members are most gracious in replying to portrait requests. Sure makes life much easier for the Portrait Chairlady. Thanx.

THE RABBIT ... As Al Pharo (# 1066) is affectionately known ... has been having severe eye problems for far too long and just of late is starting to write his wood buddies again. Many friends in I.O.W.M.C. are pulling for your complete recovery. Don't let us down, Rabbit. XXXXX.

MY GODFATHER ... Jack Gladfelter (C-90) and his sweet and lovely Ruth have really had it rough for over a year. Ruth was hospitalized three times last year and Jack is on crutches with arthritis, or was. Being Charter-90, Jack Gladfelter saw I.O.W.M.C. "grow up" and he pulled me up by my boot straps too teaching me about woods. He was my sponsor. Which reminds me... he's the guy who got me to write my portrait for the February 1968 CHIPS.

CHAIRMAN OF NATIONAL COIN WEEK 1982 -- Leslie Winners (#1356) of Pineville, Louisiana is "one of us." He was appointed to this highly responsible post by A.N.A. President Adna Wilde. This year's COIN WEEK will be observed April 18-24. He has served as President of Canadian Large Cents Club and as Editor of the group's newsletter and excellent he was in both top spots. This is but a few of his many accomplishments. I.O.W.M.C. is very proud of you, Leslie A. Winners. Congratulations.

MARCH 17 -- Happy St. Patrick's Day to all of ye. For sure this Lithuanian will be "wearin' o' the Green" to help celebrate. Be good to each other. Hope to be with you again in April.

SPECIAL AWARDS FOR 1982

I was asked to chair the Special Awards Committee for 1982 and now I am asking you as members to help me. There are four awards to be given at the annual meeting of IOWMC which coincides with the ANA Convention in Boston. The awards are:

DON MAJOR AWARD - A plaque to be awarded to the outstanding wooden money display at the ANA Convention.

LITERARY AWARD - A plaque to be awarded to the member whose article or story printed in Bunyan's Chips is judged best in the opinion of a panel of judges chosen by myself.

OUTSTANDING SERVICE AWARD A plaque to be awarded to the member who has done the most to promote wooden money and IOWMC.

MEMBERSHIP AWARD - A plaque to be awarded to the member who sponsors the most new members during the year.

All awards are judged from August through July. You may be asked or you may volunteer your nomination for any of the awards. At a later date I hope to have a form for your convenincce in voting for your choice of awards to be given.

ST. PATRICK WOODEN NICKELS

BY SALLY KIRKA

The month of March here is still a very cold month and not many go out as we still get plenty of snow storms and some times we can get a foot of snow over night. At my age when someone tells me they love the snow I'd like to hit them with a foot round snow ball. That is if I could lift it

Anyhow in March there are a few coin shows held, if they don't get snowed out. I try to get the coin clubs to put out a wooden nickel for the coin shows. Many times people come out to get one of these wooden nickels. That's when I find out there are other collectors out there. Unly even in coin clubs money is short now and rental of halls to hold meetings is out of reach for some clubs. So like everythin, else members drop out and not enough money to have woodem money made. I know of two coin clubs gave up on this the last two years because the price for wood was to high. When you add extra to the wood or add a picture on it, it does add up. If you keep with in the limit it wouldn't be so bad.

I March Al's club hold's a St. Patrick Day's supper with the best corn-beef and cabbage around. Its called sports night for the men of the Knights of Columbus of Campbell Council 573. The hall is packed from wall to wall for this supper. This year I asked the men if they would put out a wooden nickel for St. Patricks Day supper as it would be a good give away for the men. If not maybe I could do this and have a lucky St. Patrick wooden nickel made for this occasion. As of this writing nothing was agreed but they will think of this. I'm hoping either Al's club or I can put that wooden nickel out.

I haven't really seen to many wooden nickels on this but I do have a few in my collection and have seen others around. If you have some made for St. Patricks Day, why not tell us in an article about your wood. (32)

PITTSFORD, NEW YORK 14534

All of the Chicago Century of Progress woods are unusual, and the three inch rounds are certainly no exception. Made of plywood, the woods "turn" like a coin. On one side, a stern Indian looks sideways at you, a strange look in his eye. Turn the wood over, and you see a smiling buffalo.

On the buffalo side, written around the perimeter, are the words "COPYRIGHT 1934, J.H. SCHAFER IND'PLS." Who was this J.H. Schafer? To find out, I wrote the Indiana State Library, asking for a photocopy of the appropriate page of the Indianapolis City Directory for 1934. Reprinted here, it does show a John H. Schafer, married to Elizabeth C., living at 605 Weghorst.

But was this the J.H. Schafer? To make sure, I contacted the Copyright Office of the Library of Congress. They sent me a copy of the Certificate of Copyright Registration. As you can see, this was indeed the same man.

There are still alot of unanswered questions: what was J.H. Schafer a salesman for - a wooden money manufacturer? No, most likely not - otherwise the manufacturer's name would be on the wood, instead of his. Like I said - alot of unanswered questions - maybe someday we'll have the answers.

FIFTY YEARS OF PHILATELY

In September of 1931 four stamp collectors met to further their common interest in philately. It led to the formation of a club now known as the 'Philatelic Society of San Leandro, Inc.'.

With other interested collectors, officers were elected in October 1931. Bylaws were adopted, one provision stipulating that the society was to consist of males only, 18 years of age or older. This rule was amended in 1976 when ladies were welcomed as members. Only one of the original four remains today.

Our society through the years has been led by able and dedicated officers, having had only five secretaries including the present one.

The members have always been active at stamp exhibitions and contributed in a large measure to the 100th Anniversary of the City of San Leandro with a free exhibition.

NEW WOOD DISCOVERED IN SASKATOON

by: Mark Mogen CAWMC #108

Recently a few of us collectors from Calgary attended the annual fall show sponsored by the Saskatoon Coin and Stamp Clubs. we were in our hotel room we did some worthwhile trading with such notable wood collectors as; Paul Johnson (Toronto), Ted Oulds (Calgary) and our host Frank Harding (Delisle). It was at this time that Mr. Harding decided to let us view a few of his recent one-of-kind prize woods from Western Canada. Without delay we contacted the CAVALIER HAIR CENTRE to enquire to see if we could acquire a specimen for our fast growing collections.

According to Aubrey Snyder, a staff member of the Regina store the wooden tokens was mainly issued to advertise the two stores in the province of Saskatchewan. These wooden pieces were officially issued on September 19th, 1979. However, until October 1981 we never knew that these woods existed.

A brief history of the Cavalier Hair Centre was submitted by Aubrey Synder, Manager of the Regina branch. "From a small beginning in January 1969 with Brian Large as a stylist and Aubrey Snyder as a part-time salesman the Cavalier Centre has grown from a small $16' \times 16'$ room to the now spacious 2500 square foot location at 1100 Angus Street in Regina, with a branch office in Saskatoon at 2102 - 8th Street East, Lower Main Floor. The Regina branch has three full-time stylists, one part-time stylist and one part-time repair specialist. The Saskatoon branch managed by Donna Parker along with one full-time stylist. The Cavalier Centre has grown from just a small retail outlet to a wholesale network that covers the country from Halifax, N.S. to Kelowna, B.C. and we are still looking for future growth in Canada".

We would like to thank the staff of the Saskatoon store who provided a great selection of material and information, and a gracious amount of woods for some of our members to treasure. For those members who are interested I would suggest for 50 cents each and S.A.S.E. more specimens are available. Please contact:

FRANK MAIONE

CHICAGO ILL.

I O W M C # 1421

I am a dedicated Chicagoan who has the remarkable distinction of being born in the same house I am presently living in... 61 years.

My education started and completed in Chicago. Am a WWII veteran; was stationed in Camp Chafee, Arkansas, 14th Armored Division.

Presently employed at Fraser Stamp & Seal Company, naturally in Chicago.

I love music and have aspirations as a song writer. One of my hobbies is flying kites and in the Windy City as Chicago is called have natural help in elevating my kites to heights beyond belief. Another hobby is working with tools.

But my greatest hobby is my association with six wooden money clubs ... I.O.W.M.C., N.Y.S.W.M.S., D.W.M.C., C.W.M.A., P.W.M.A. and T.W.M.S. I thoroughly enjoy collecting wood. It's a very satisfying and inexpensive hobby. Also enjoy reading the COIN WORLD where I first discovered wooden nickel ads.

This is my third year in woods and hope to continue for many years to come. Flying kites is a wonderful relaxation to me, and tampering with tools of every description also gives me a feeling of contentment. But I must admit that to write a hit song, to have people singing it, and to hear it on radio and TV would make my happiness complete.

Enjoy the Portrait stories and other fine articles that appear in our excellent publication BUNYANS CHIPS. Hope to attend a convention some year soon and have the pleasure of meeting some wood collectors I read about. And ... on that note, I'll sign off and go fly a kite.

PRESIDENTS MESSAGE

WALTER A. SCOTT

"CALL FOR NOMINATION" April is the month for members to be requested to submit nominations for canidates for offices to guide our Club and Hobby on into the future. Offices open for canidates for 1982/83 term are, President, 1 st & 2 nd Vice President, Secretary, Treasurer, and one Board of Governor.

It was voted at the 1981 annual meeting that a nominator obtain consent from the nominee prior to submitting their nomination, refer to Sept/Oct. Chips. Any member over 18 and in good standing may nominate themself as often ones that feel they can help our club are overlooked by others.

Send nominations to, Walter Riley - P.O.Box 39 - Webster, MA. 10570 It also must be noted that, no officer can run over two consecutive terms, as per, Artical VI Section 1 of the clubs constitution.

Your president at present is sort of Burnt Out, but much is in the works to make this a good year for Our Club. Every Member that can, Helps needed also. Wood you have designed is needed for the design contest afterwards to be put in the club archives. Send then to, E.Ted Wolverton -P.O.Box 501 -Stroudsburg, PA. 18360 or send, or bring, to Boston annual meeting. Note why design chosen. Any excess wood you may desire to donate or auction off should be sent to, N. R.Mack. Any items for the club raffel can be sent or brought to the meeting. As of present a 1981 U.S.Proof set and Toni Chichy, has offered a quilted - vest, which would have came in handy this past winter.

It was sad to learn of the loss of Hugh Threlkeld, whom we enjoyed meeting in Cincinnati, OH. at the ANA affair.

Grace Wildasin, has had the cast removed from a broken wrist and soon will be back doing lovely needle work. The Armstrongs are back working hard on the many numismatic jobs after a health problem. Sally Kirka, had a drill slip and run through the end of a finger while drilling elongated coins. Stan Brown, Herb & Dorothy Simon, Franklin & Natalie Davis and Adelene Scott, all soaked in some Florida, sunshine, while most just dreamed of warm outdoors. Larry Richmond, is still trying to list all PA. coin club issues. Our Editor, continues to catolog Holiday issues and send woods to our hurt or ill members. Many others are busy in collecting hobbies and numismatic functions.

Wood is Good, Scotty

BARBARA SEZ:

BARBARA TRACE Honorary Life Member Nine

IT WAS A LONESOME OLD TOWN --With no woodies around ... In the days before the birth of I.O.W.M.C. in 1964 wood collectors were very much on their own. Only a few knew of each other. Not like today, when we can discuss, trade or sell with 350-400 members. There was no CHIPS to read. No wood conventions to attend. No wood buddies to share your dreams... But ... the wooden nickels captured the interest and imagination of those pioneers. Finally our Club was organized, the brain child of Wendell Morningstar, assisted by wife Thelma and all was changed. We were christened - INTERNATIONAL ORGANIZATION OF WOODEN MONEY COLLECTORS.

EIGHTEEN YEARS LATER -- Wood collecting is fully recognized and accepted in all collecting circles. Immediately comes to mind two internationally known names who are long time I.O.W.M.C. members -- Margo Russell (#H-272) is Editor of COIN WORLD, and George Hatie (#260)immediate past president of A.N.A., a brilliant attorney. We have other well known and much respected persons in our roster who are woodies as you and I. I.O.W.M.C. has earned its place in the history of wood.

AS LONG AS WOOD GROWS ... There will be wood collectors. I.O.W.M.C. started as the No. One Club in 1964 and remains No. One in 1982 in these United States of ours. Turn back the memory clock and you will find that I.O.W.M.C. opened doors to friendships that will last a life time among many of us. So much was learned for our pages of history as we researched the "little pieces of wood." Our hobby has supplied us with wondrous companionship and pleasures. I cannot imagine what it would be like without our woods, our Club. Long live this jewel named I.O.W.M.C. for future generations to enjoy as they follow in our footsteps. We've been where they are going.

SPEAKING OF WOOD PIONEERS ... Al Zaika holds Charter #24 in our organization. Like many other dedicated wood collectors, Al also has other hobbies. He is an expert on "Railroad Exonumia." It comes natural. Al Zaika worked on the railroad for 33 years until his retirement last year. In his first ever exhibit of railroad collectibles, Al picked up a third. Excellent for a first try. Congratulations, old friend.

FIRST STARS & STRIPES ... Steve Penzes (Charter #41) and wife Alice (#333) put out a patriotic flat to commemorate George Washington's 250th birthday. The 50¢ plus a SASE it costs will be well spent if you are fortunate, and some remain unsold. Address: 7312 W. Fort St., Detroit, Michigan 48209.

BETTER LATE THAN NEVER DEPARTMENT ... Dorothy Orlik (#408)... You are wished many Happy Returns of your Special Day. Dot served approximately ten years as Assistant Secretary-Treasurer, and served another five or six years on the B.O.G. with me... Cora Lea Altland (Charter #74) and good husband George, am remembering your 58th anniversary. I claim these three delightful persons as honored friends.

BLESSED EASTER ... May God's peace be with you. I thank Him for the many miraculous blessings He has bestowed upon me.

CHATTANOOGA - MY HOME TOWN

-- Thomas M. Armstrong

Why not include the SCENIC CITY OF THE SOUTH, Chattanooga, in your itinerary when you visit the WORLD'S FAIR in Knoxville, Tennessee? Only 90 miles away on Interstate 75 will give you the opportunity to visit our famous Choo-Choo City.

Chattanooga is the home of the flaring green glass bottle with the white swirling script which is the mainstay of the thirsty ball park crowd, seeking "The Pause that Refreshes", and the boxy coolers in every gas station, proudly urging Americans to "Drink Coca-Cola." (I made my first million manufacturing Coca-Cola bottles, ha ha!!!!!) The story of the bottling of the favorite brown beverage, which "things go better with", is a historical event as familiar to Chattanoogans as the tales of Chief John Ross and as dear as the looming majesty of Lookout Mountain where you can visit RUBY FALLS and ROCK CITY. There is a world famous railroad museum here and the steepest incline in the world.

Hunter Museum of Art is open to the public, admission free, from 10 a.m. to 4:30 p.m. Tuesday through Saturday and 1 to 4:30 pm on Sunday.

The Chattanooga Choo-Choo, one of the world's largest restaurants, invites you into a land of nostalgia. From the plush splendor of the Victorian decor to the authentic sleeping parlor cars and oldtime shops the Chattanooga Choo-Choo is an historical monument to by-gone days. Architecturally beyond compare, the station design received a Beaux Arts Award in Paris, France at the turn of the Century. The grand Dome in the main lobby is 85 feet high and is the highest free standing dome in the world. You will see a thriving 24 acre complex, turn-of-the century shops, lounges, restaurants, gaslit gardens, fountains and entertainment. The focal point is the large restaurant in the main building which was once the Southern Railroad Terminal for chattanooga which opened in December, 1909. There really was a Chattanooga Choo-Choo. It was the first through passenger train service to the south and it got its name because almost every southbound train had to pass through Chattanooga. The name became famous when composer Harry Warren and lyricst Mack Gordon wrote the song, CHATTANOOGA CHOO CHOO for Glen Miller in the movie SUN VALLEY SERENADE in 1941. Now there's almost no place in the world where the name isn't known.

For the history buff, we have the nearby Chickamauga battlefields, Point Park on Lookout Mountain and Missionary Ridge.

Lake Chickamauga and the Tennessee River is a boating and skiing paradise. The swimming area and picnic area at Chickamauga Dam looks like Daytona Beach at Spring Vacation!

Ya'll come!!!!!!!!!

P.S. Don't forget nominations for SPECIAL AWARDS.

EASTER WOODEN NICKELS

BY SALLY KIRKA

April is the month we mostly celebrate our Easter holidays. I like to think of this day to be a Holy Day. So many of us send an Easter card to family and shut in friends. I know I do this. I also have decorated real eggs for years and gave them out to my friends. Now I don't seem to have the time for this as I design a special flat wooden money postcards when I can. I can't do this every year, but I have in the past.

Again theres lots of ideas you can design for the large flat wood, or like I used to do I added my Lords Prayer elongated coin to my Easter flat wood and sent them to my shut-in friends Even an Easter wood can make a shut-in day a little brighter. I used to get a kick out of visiting my friends and they always wanted me to tell them about my Easter wooden money. Some are with a cross and flowers which I always painted myself. They do look nice in different colors.

Some ask where do you have your flat wood made? Try your own printers shops in and around your town until you find one who will print on wood. For some money you'll find one somewheres. Most printers don't have the thin wood around but you can get most wood in any hobby shop. Or have them order you some but most hobby shops have the wood for model planes. You can then cut this wood to the size you want and bring it to your printer to do the rest. Theres also Jack Huggins of IOWMC that can help you out also.

So Happy Easter folks and may this day be just a little brighter for you when you received your wooden money postcard from someone for Easter. This is a good idea for others to do.

Centernial of First Congregational Church Fulton, N. Y. (1882 - 1982)

The First (ongregational (hurch, United (hurch of (hrist, of Julton, N. 4. was founded in 1882 as the (ongregational Society of Oswego Falls before Oswego Falls and Fulton combined to form a (ity in 1902. Our building was erected in 1884 on the corner of West Broadway and West First Street facing the entrance of the Bridge Leading over the Oswego River to the city's East Side. The (hurch has been renovated several times since then, and is currently undergoing restoration.

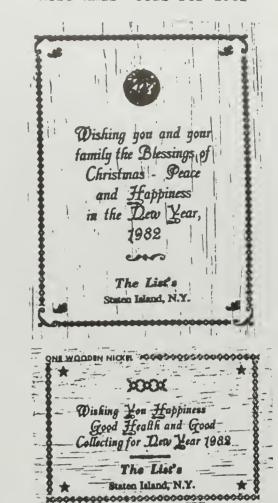

As part of the United (hurch of (hrist, we trace our roots back to the Reformation of Germany and such people as Martin Luther and John (alvin. We gee ourselves as a "united and uniting" church. The United (hurch of (hrist was formed in 1957 through the marger of two denominations, the (ongregational (hristian (hurch, and the Evangelical and Reformed (hurch. Since our beginning, the life of the local congregation has been our major emphasis in our worship and our mission. Our chief objective is to be a loving community in which each member's needs and joys are important to all the rest. As a community, we gather to worship, to work for the church, and to work as the church for other people in our community, the nation, and the world. We are convinced that by being a church we provide for each other the community setting in which family and individual life can be nurtured and enhanced.

The congregation is kept informed about the activities of the church through a monthly newsletter, the "Congregate" which is sent to all members and friends of the church. Throughout the year, our many (hunch groups enjoy worship and fellowship in special gatherings, suppers, and seasonal celebrations and this year the "Centennial" committee is deligently working on a year-long program.

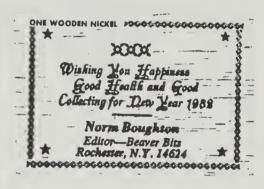

Special "woods" have been prepared and donated by one of the (hurch members and they will be distributed to the members and public during special gatherings. Anyone who may be interested in obtaining this special wood, they are being offered at 15% each on 2 for 25%, plus a S.A.S.E. Write Mrs. Marion G. Beardsley, 255 West 2nd St. Julton, N.Y.13069.

Book Review, Tokens, Medals, & Other Exonumia of Lake County, Illinois, by Alon Jeffrey, Arnold Winfield, Dale Grim, and Jerry Jaeger. 177 pages. To order, write Alon Jeffrey, 366 Behm Drive, Grayslake, Illinois 60030.

The four authors mentioned above have done an incredible job in cataloguing the exonumia of Lake County, IL. Actually, "cataloguing" is probably not even the proper word to describe what they have accomplished. Not content with merely listing the tokens, wooden nickels, etc., of Lake County, they also entered the field of historical research in order to draw conclusions as to the age of the tokens, different denominations of a token, and number of tokens issued, to name just a few. Shown here is an illustration of what I am talking about; it depicts the typical format of this book; i.e., an illustration of the token in question, followed by a written description, followed by an historical analysis. One of my favorite pages, in describing a Libertyville wooden nickel, is as follows: "A contemporary newspaper account noted that the crowd of 900 use 'round, wooden chips, with a 75th anniversary insignia...to purchase refreshments.'"

This work is further complimented by a preface, introduction, table of contents, and index. Any person or organization who is in the process of cataloguing the wooden money of a particular area would do well to purchase this book - if you follow this format, you know that you have done a superb job.

This group is currently engaged in another project - the cataloguing of all known wooden food stamps. Any collector who has information to share is urged to write Alon Jeffrey at the above-mentioned address.

For many years I have been interested in the Great Chicago Fire of
1871, especially the cause of the
fire. After much research, Ihave
concluded that, contrary to popular
belief, it was not Mrs. O'Leary and
her famous cow. But, it is hard to
disprove old legends.

I have issued a wood that points ou out this intrest of mine. As you can see, Mrs O'Leary and her Cow are illustrated on the wood. Send a SASE for a free Wood. DICK BALES 1538 Plum St. Aurora ILL 60506

I really enjoyed Dick Bales' fine article "WOODER ONEY AS GIFTS," page 181 Feb. '82 "BURTH'S CHIPS."

I too have emperimented with varnishing woods and my results were presty good (I'm so modest). First off, we sure to use clear non-yellowing varnish. If you can't see the bottom of the can - like looking through water - it's no good. I used a 50 - 50 solution of turpentine and varnish, the same method used for decoupage.

The day boll flat har been varnished on both sides, about 20 coats, and staded between coats after the tenth. You can see how industrious I was by the holes I staded in their clothes. The wood is from a limb off our cherry tree. Excess ink caused the blurred letters and was there before varnishing. Maybe I'll jet energetic and redo the reverse.

The Ship flat has about 15 coats (both sides) and is balsa wood bonded to a core of tough cardboard. Another experiment, but I'm afraid to bend it like they did with the Tenino flats.

The Praying Hands flat has six coats on the front while the back is care. This is 1/32" balsa wood and you can see the obverse is about as clair as the reverse, although the flat warped slightly because of the variation in front to back surface tension.

I used wat or dry milicon carbide 400 paper with water. Be very careful ... and be sure to use a minding block - a small flat eraser is good. Two or three court should suffice for ink straiped woods since you don't have to fill in for the paper cutouts.

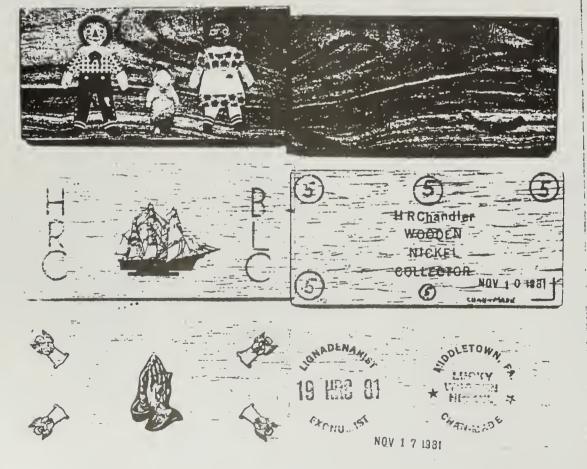

The dec Dolis were from an old Scars entelog; the ship is a decal; and the program ands were cut from a label. All are "CHAN-HADD" experiments and are one-of-a-kind.

I list to esperiment and some of my "Chen-Mide" rounds are made from a hickory showed handle and some from a suphogany bed post. I sliced these blanks with my Chen-Made 14" bandsaw. I have also sliced that from maite place and our cherry limb.

Hope the chove causes prosted considerings. I know some prople collect though post cards with postage stamps on them. So, why not wood with pictures affixed thereon?

The samp's hades ??? Way it must be nonsother than the "HAS CHAN-MAID" (told you I'm modest).

Vol. XIX MAy 1,1982 Issue #5

DON ROBB
Waterloo)ntario,

1286

In the Fall of 1963 I was on a business trip to New Brunswick. One evening in Fredericton a business associate invited me to his home and during the course of the evening showed me his coin collection. It was all neatly arranged in albums and various holders.

That was it for me. I became a collector. Like many people, I had some coins, really a small hoard, at home. I could hardly wait to get home to start organizing them.

My collections of Newfoundland and Canadian coins expanded to the point where the ones I needed were too expensive for me. My collecting emphasis changed to Breton Tokens and then to Canadian Trade Tokens and Souvenir medals.

At this point my collecting extended toward Canadian Wooden Money. Among Centennial pieces I estimate that there are at least 75 Wood Tokens of various shapes and sizes. Since the best source of Wood Tokens is from the collectors, I joined C.A.W.M.C. in 1976, and in 1978 I joined I.O.W.M.C.

For the two-year term 1979-1981, I served as President of C.A.W.M.C. and currently I am Chairman of a committee to establish a set of guidelines to try to control the number and quality of Canadian Wood Tokens issued.

C.A.W.M.C. has been a magnificent source of fun, friends and fellowship. I have established friendships with many wooden money collectors throughout Canada and also in the United States.

There's no doubt about it, Wood Token collecting provides the most pure fun of all my collecting interests. It's a hobby in which I intend to maintain a strong interest.

PRESIDENTS MESSAGE

WALTER A. SCOTT

" May " always brings to mind the blooming of the pink and white Dog Wood trees. A Vally Forge, PA. visit is a exception as nearly all the trees are Dog Wood in the park. Also the observance of " Mothers Day " causes nearly everyone to think back over the years.

" A Goof " In submitting the Constitution, change page # 44 of the April Chips, 100% was not obtained, as one had requested a slight rewording that was not done therefore one vote should not have been counted. The required vote of 7 of 10

Board of Governors was needed and nine obtained.

The latest complaint recieved from one of our members of over a year, was not knowing the collecting catagories of others except from the few articals or advertizements in publications. A effort is being made that members may motify one that will type out the infro and sent in to be published in "Bunyan's Chips "

Allen Nystrom, pulled a double header by exhibiting and presenting a talk on our Wooden Money Collecting Hobby, at the Seattle, WA. Coin Club. As a result Allen, was presented the Best Exhibit Trophy and the clubs traveling trophy to keep for the year. Lets hope he can retain such longer.

Several of IOWMC. member clubs have installed new officers or in the election of officer process. Hopefully they will type and send in for publication in " Chips " member club infromation is welcome, so lets hear from You's.

The Garden State Numismatic Assoc. event is slated for June 24 thru 27 at the Hyatt, Cherry Hill, NJ. They have honored our Wooden Money Hobby, by haveing a exhibit catagory # 6 Wooden Money. In the past two years only three exhibitors entered. Endevor to take a part this year, contact Douglas A. Moore (Exhibit Chairman) 46 Manor Dr. Dover, Del. 19901, for applications. They must be sub mitted prior to June 15 th. The New Jersey Exonumia Society, entered a large display of all known New Jersey Wood Issues last year.

Plans of ones attending the Boston AnA convention and the clubs meeting are under way, hopefully most in the area will attend. The time and dates will be published as soon as known. Happy Collecting, Scotty

BARBARA TRACE Honorary Life Member Nine

HALL OF FAME ... In my opinion the most exquisitely beautiful series of hand painted wooden money in existence to date is the work of Gary Littrell. His imagination and creative art deserve an honored place in the Hall of Fame. And to create a new phrase, in the Wooden Money Hall of Fame. He stands unequalled. In my collection of "Littrells" I have 32 all different painted pieces, 7 many times lacquered—over woods and 3 regulation rounds.

It would be hard to place a monetary value on the Gary Littrell wood. Mine is not for sale but I do believe that true wood collectors like George Parfet, Clarence Kramer, Norm Wells or Norm Fletcher, to name a few, would not hesitate to pay any sum asked, within reason of course, if pieces surfaced and were needed.

Littrell is the founder of the Canadian Large Cent Club. Many of his wooden money pieces are dedicated to the Club. His Godless 1911 devil painted wood is most striking and once seen it will not be forgotten or mistaken. His personal painted woods are a true jewel delight to the eye. Gary covered CHIPS in November 1977. The complete cover page was reproduced in Norm Wells' 2nd edition – Canadian wooden money book. Gary's father, Glen Littrell (# 1385) will cover CHIPS in August. You will read an outstanding story of one man and his life. In capsule form.

SLICES OF NEWS ... John Lawrence (#957) will take over as temporary editor of N.Y.S.W.M. publication when Norm Boughton (#1134) bows out ... Gerald Hathaway's (#C43) mother Theresa has been a sick lady for a long, long time...Don Robb (#1286) did get to the church on time and is now happily married to his Barbara...Only 25 Christmas flats were issued by the late, great Doug Ferguson before his death on December 7, 1981. Recorded in latest supp. Norm Wells' wood book.

NOMINATE YOURSELF ... For an I.O.W.M.C. office of your choice. All seats will be open come August convention. It is essential to do so RIGHT NOW. Only a few lines is necessary – as example, I nominate myself for President, 1st or 2nd Vice President, Secretary or Treasurer – and one seat will be vacant on the board. Sign and mail to Walter Riley, Box 39, Webster, Mass. 01570. It is with President Scott's approval, so go ahead.

TOP DRAWER PUBLICITY ... Friends visiting in Pa., ran across a newspaper write-up featuring International King of wooden money Clarence Kramer dressed in his wooden money hat, jacket and trousers, surrounded by cases of wooden money, and they mailed it to me.

The outfit is an eye-catcher, 100% publicity sure. Also it is Kramer's pride and joy and why not! It's the only one like it in all the world. The King is forever mindful of good public relations for wood and I.O.W.M.C. and this time he hit the jackpot with one of the nicest write-ups, educational-geared, that I have seen in print in many a year. Thanks and congratulations, King.

SPECIAL AWARDS FOR 1982

As Chairman of Special Awards I am well pleased with the nominations coming in for the Literary Award and Outstanding Service Award.

There is still time, three months, to get your nomination in. So if you haven't sent in your preference, get busy. Time seems to have a way of slipping by very quickly. Of course the awards for Membership and Don Major are taken care of by our rules.

Come on all you "guys" and "gals" send me your nominations. It is your right as a member to "voice your opinion"!

MOM'S SPECIAL DAY

BY SALLY KIRKA

May is the month we have a very special day which is Mother's Day. What a better way to honor your Mother by having a special wood made for her. You can also remember your grandmother by putting her name on wood. Did you ever see a persons face light up when they see their name on an elongated coin or a wooden nickel? You always know that for years to come someone, somewheres, may still have one of your wooden nickels with your name on it in your collection. So why not surprise your Mom this year or next by having a wooden nickel made with Happy Mothers Day on it with all your love. With your Moms name in the middle and her town and state.

Lot of people forget to add the town and state. To a wood collector I like to know from what state the wood comes from. You hear more and more wood collectors say they can't keep up with all the new wood coming out but they do collect from their own state. So please add your town and state on your wooden money.

The fun of any hobby is when you hear someone say I have one of your

wood in my collection but I wouldn's part with it.

So Happy Mothers Day to all you Moms out there. I know each one of you will say to your own Mom, "your the BEST MOM in the world". You know they really are, soGod Bless All You Moms where ever you are.

IOWMC WOODS/SOUVENIR PROGRAMS

Many of the newer members may not be aware that IOWMC have issued woods each year for each President of the organization. Many of these woods are still available for just 50¢ each plus SASE.

A souvenir program was printed for the 15th Anniversay of IOWMC and it has all woods issued from 1964 to 1978. This is a must for all members. Cost is only \$1 plus 36¢ stamp.

Both wood and souvenir programs are available by writing to Virginia Dennis, Chairman, 18814 Florwood Avenue, Torrance, CA 90504.

SICK LIST

A few of the members who have been in the hospital or at home sick are Earl O'Cathey, Mary Plasterer, and Carl Pensyl. Our best wishes and prayers go out to these members for a speedy recovery. Also to those we aren't aware of being on the disabled list.

Born, educated, married and began a career in the Tire and Automotive Business in West Tennessee. Beginning as a Tire Changer, I moved up the ladder to General Manager of a Retail Store Chain of 100 stores.

At the ripe age of fifty, after three children, four dogs and thirty-one happily married years, I have my own Tire and Auto Service business in Memphis, Tennessee.

I began my collection in Baltimore, Maryland about ten years ago. My interest started with coins only but quickly spread to my current collection of coins, encased coins, tokens, razors, shot glasses, beer mugs and wooden money. I have collected wooden money for the past three years and must admit that it's a fascinating item to collect. My collection consists of 900-plus pieces. My first interest is Tennessee woods followed by Maryland woods and Pennsylvania woods. I have issued three flats and one round and have plans to issue a series of flats on Tennessee. Hope to have this out by the end of this year.

My spare time is divided between making lead soldiers, a vegetable garden and a flower garden.

I currently belong to I.O.W.M.C. #1414; D.W.M.C. #345; M.T.A.C. #C31 and A.N.A. #89076.

PRESIDENTS MESSAGE

WALTER A. SCOTT

The American Numismatic Association, has set Thursday August 19 th at 11 AM. for the annual meeting of I.O.W.M.C. It is our sencere wish that U'all attend. Our club should be well pleased that one of our members recieved the "Krause Publications Numismatic Ambassador Award" for the efforts put forth for more then three decades in the South, Congratulations Ruth. In reading the artical one can't overlook the last paragraph, Mrs Armstrong, and her husband Tom, an avid Wooden Money Collector, have two children and four grandchildren.

Wooden money and tokens got a boost in the Token and Medal Society Journal, as a inventory of tokens compiled by George S. Cuhaj, on Boy Scouts National Jamberee, held at Camp Hill, VA. in 1981 included, 31 wood issues, 11 medals, 6 plastic tokens, 2 key chains and one elongate. Knowing woodies have obtained other issues, shows the difficulty in catologing a complete issue of a event or issues from various Towns, Counties, States, or other issues that make up our various collections. Every-ones help is needed to obtain issues and infromation and to let others know, some may never be known of except by You. If issues are flats or of various design or colors they mostly a rather low amount and soon run out. A few in some collections have only been issued for ones that attend a meeting or event and one may obtain extra from ones that are not inter rested in Wood for the asking or a small fee.

Every Month items I'd liked to have done are set asside that others may be done first. Perhaps other members are doing some that is not known about, such as makeing efforts to welcome and help new members and our Junior members. Only ones that have been in the hobby for a period of time can explain the many different questions needed known as, how and what to collect, how to assemble a collection, how to design and obtain a issue, different catagories of issues and ways to detect reruns. If one doesn't know surely they will know whom to suggest ones to contact.

When a check on the election chairman, Walt Riley, was made I found Walt, was recuperating from a operation and he was haveing some problem with the stiches knowing how active he is, can guess why.

One of our new members Al Kirka, is hospitalized with a extremely bad heart. Lets all extend our wish to them and any others for a Speedy Recovery.

Scotty

TREASURED MEMORIES ... And recollections of conventions gone by. Each of us has a group of special people who have left wonderful memories, permanently and beautifully. Never to be forgotten guys and gals with whom I have shared some of my happiest times at various conventions since 1967. IOWMC was much younger and so were we when first our lives collided. Treasured memories indeed!

THE FACES I'D LIKE TO SEE AGAIN ... Belong to Rusty and Warren Bailey ...

Burnice Fiedler ... King Kramer ... George Parfet ... Tex Ryder ... Gelvin and Ruth Leeper ... Dot Orlik ... N.R. and Dorothy Mack ... Thelma Morningstar ... Earl O'Cathey ... Dorothy Muller and a dozen other guys and gals.

WHO COULD EVER REPLACE ... Rusty and Warren Bailey. They live life to the fullest and if you are around they take you on the trip with them ... Thelma Morningstar brings smiles across the years. When first we met she was like a spirited thoroughbred ... Tex Ryder, the gentleman in cowboy duds. When he walks into a convention you know someone special has arrived.

N. R. MACK AND HIS DOROTHY ... I'll always remember a lovely young mother and father with little boy and girl "dolls" trailing behind in a bourse room ... Gelvin Leeper and his Ruth and their two great young ones (full grown now). Gelvin was our "no nonsense" president. He knew where he was going and where he wanted to lead IOWMC... Dot Orlik, the easy-does-it gal. Nothing ever rattled Dot. At many conventions after a night on the town we bid a lovely evening goodnight.

THE KING ... No need to add Kramer or Clarence. There is only one King of Wood and we all know who he is. The King is the host with the most. He is famous for his "Open House" at conventions he hosted. It was a happy place to be as it was laugh time non-stop as were the fills and refills... Earl O'Cathey, a gentleman of short stature, tells he just missed being a midget but really he is 10-feet tall. He poured a lot of money, time and heart into IOWMC in earlier days.

BURNICE FIEDLER ... Gives much of her time to help others and conventions are far apart for her now. No carbon copies of this gal around. She's fresh and clean as the morning sun... Dorothy Muller, whom I met over a cigarette during the days I was still smoking at a beach at Miami Beach, is one of our quietest, low-key woodie gals. You would never guess her profession. She is shorter than I and I'm only five-foot-two. She is a lady bartender and bouncer. Dot's excellent company and we both travel a lot. If and when I am ever in New York again I shall seek this face I miss.

I'M AFRAID ... Inflation prices will scatter these unforgetables to the four winds. This is the "mixed bag" of delightful personalities I met via IOWMC. The ghosts of yesterday are friendly and happy... these treasured memories I shall cherish forever. Now I'm looking forward to making new memories, finding new faces, and keeping our IOWMC organization "alive and well."

ANNIVERSARY AND WEDDING WOOD

BY SALLY KIRKA

June was always an anniversary month to many and a wedding month for many new brides. Now to a wooden money collector we think more and more of making wooden money to sort of celebrate this special day. I've gone to a couple coin collectors wedding where the young couple gave out to their guest a wooden nickel made for their wedding day. No one complained but all liked the idea. Sometimes the older folks surprise the young

couple with a wooden nickel for their special day.

As to the anniversary wood you see more and more people make a flat wood or a round wooden nickel made for their anniversary. Its not only the wooden money collectors that want this done as many have asked me lately where they can have wood made? So this wooden money anniversary wood is catching on. I try to make one every year and have made many the round and the flat ones. Of course most my flat wood has one of my elongated coins I also made for this special day. As its getting harder to get the flat wood even a round wooden dollar or a nickel is just as good. I can also roll out the mini coins and add them to my round wood. I have tried this and it has worked out very nicely to. I call these my encased wood as they are made so my mini coin sets in. Something else others can try to do. Most my encased wood was made a few years ago. The last few years I slowed up a lot as I had my health problems.

Many coin clubs end their season before summer starts with a coin show. So if you can get the clubs to join in on the fun and have a wooden nickel made, thats one more for your collection. I know I had lot of wood made for the different clubs anniversarys or for a special coin show. As a limit of these were made some of this wood is very hard to buy at any price. Try buying one of the large flat wood I made for the Tri-State Coin Club of Danielson, Connecticut for their 15th anniversary. All or most of this wood I put a silver elongated dime of this club which I also made for it. The club since has folded up and many now want it as a souvenir and many will pay as much as \$20.00 and over to get one. The ones

I have left will stay in my own collection.

June is also the month where all those going to the A.N.A. convention should already have ordered their convention wood. If you don't put your order in by now you could be out of luck. I always have a wooden nickel of some kind made for each convention and give them out toall my friends. This year I had a limited of set of four made and they went fast. I mean I had them made for the 1981 convention for New Orleans.

SO YOU OR YOUR CLUB, OR YOUR LOCAL CHAMBER OF COMMERCE PLAN TO ISSUE A WOOD. THAT IS FINE, I HOPE THAT ALL OF YOU DO ISSUE A WOOD THIS YEAR, ONLY PLEASE AS A FAVOR TO YOURSELF AND ALL THE COLLECTORS OF WOODS PLEASE DO ONE LITTLE THING. THAT ONE LITTLE THINGS IS, HAVE THE CITY AND STATE PRINTED ON THE WOOD.

WHY ANYONE WANTS TO ISSUE A WOOD WITHOUT CITY AND STATE IS BEYOND ME. HAVING JUST GONE THRU A BOX OF WOODS FROM A TOKEN DEALER FRIEND OF MINE, I FOUND A FEW WOODS FROM A SESQUICENTENNIAL WITH ONLY A CITY AND DATES ON THEM.

SO WITH THE CITY NAME ON THE WOOD, I SAID TO MYSELF, GET OUT THE ZIP. CODE BOCK AND LOOK UNDER THE CITY LISTINGS. I FOUND THE CITY NAME. ONLY GUESS WHAT, THERE ARE 10 STATES WITH A CITY OF THE SAME NAME.

SO SOMEONE HAS JUST ISSUED A WOOD FOR NOT ONLY THEIR TOWN, BUT IN A WAY FOR NINE OTHER CITIES WITH THE SAME NAME. FOR THE COLLECTOR IT IS JUST ANOTHER MAVERICK TO PUT IN THE MAVERICK BOX.

AS FOR MYSELF, I DON'T NEED ANOTHER MAVERICK IN THE BOX. I HAVE A BIG BOX FULL OF THEM NOW.

WHY ANYONE WANTS TO PAY OUT MONEY TO HAVE WOODS ISSUED FOR SESQUICENTENNAIL AND NOT PUT WHERE IT IS, IS BEYOND ME.

THE REAL KICKER IS THAT THIS WOOD WILL BE LISTED IN ALL THE WOOD CLUB NEWSLETTER AND ONLY COST $50\,\text{g}$ Each and a s.a.s.e. as for Myself, I may add one to My collection, but since I found three in a Mixed Box, I will sell the others on My next list for $5\,\text{g}$ Each, because that is the value I put on IT.

SO PLEASE, NEXT TIME YOU HAVE A WOOD PRINTED HAVE THE CITY AND STATE PRINTED ON IT. IT DOES NOT COST ANYMORE AND IT SURE MAKES THE WOOD WORTH A LOT MORE IN THE EYES OF THIS COLLECTOR, AND I AM SURE OF OTHERS TOO.

Shilling Day In New Lyme
By. C. H. Manners

Saturday, Dec. 11, 1982 will be Shilling Day at Pine Tree Lodge in New Lyme, Ohio. On this day visitors to the tree farm will receive the 1982 wooden coin. This is the 16th annual edition of the Pine Tree Shilling.

The 1982 coin depicts a wrapped Christmas tree on top of an auto.

Christmas trees are now wrapped at the tree farm. This is done as a customer service to improve safety and to protect the tree during transport, storage and set up. Tree farm owner Charles Manners says he calls it gift wrapping because there is no charge for this service.

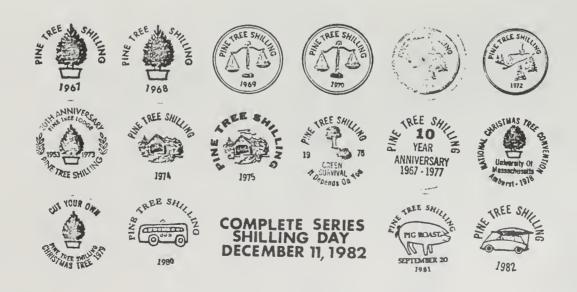

The wooden shilling is patterned after the first truly American coin, the Pine Tree Shilling, which originated in Boston, Massachusetts in 1652 and has a very colorful history.

Previous issues depict many events in the Manners family life. The 1973 coin commemorated the 20th anniversary of the Manners family in the Christmas tree industry and the 1977 coin commemorated 10 years in the wooden series.

The 1978 coin was issued to commemorate the National Christmas Tree Growers convention held in Amherst, Massachusetts. The Manners family attended the meeting and took an active part in the program. Charles Manners was a speaker and told of his experiences with wooden coins and how he used them in conjunction with his tree farm.

Manners estimates that there are probably less than 100 complete sets held by collectors, but those collectors live in far-flung areas. California has the largest number of collectors but they can be found in Hawaii and Moose Jaw, Saskatuan, Canada as well as throughout the United States.

There is no charge for the coin, just a self-addressed, stamped envelope to Manners Pine Tree Lodge, New Lyme, Ohio 44066. This year all requests will be hand-canceled at the New Lyme Post Office.

C.B. LIST
STATEN ISLAND NY
I O W M C # 1297

I was born on Staten Island, New York, on December 17, 1941. I have lived on the South Shore of the Island all of my life. When I grew up much of the area near our home was woodland and farmland. The last herd of milk cows in New York City grazed only a couple of miles from our home. Prior to the Verrazano Bridge linking the Island with Brooklyn in 1964, travel into Manhattan had to be done by a ferry boat ride of nearly a half hour.

After High School I joined the Navy. My travels took me to Scotland, Spain, England, Newfoundland and many of the American ports on the Atlantic. After working a couple of years as a florist, I became a cop. I am now in my 17th year as a Police Officer in the New York City Transit Police Department. We are a 3000-man-force who patrol the subways of New York.

As a boy I had the usual interest in stamps and coins. In 1976 I started to buy a few woods through the mail. This started me in the most interesting hobby I have known. I am now a member of eight wood clubs in the U.S. and Canada. I have served as president, board member and treasurer. My main interest is in New York State woods. This collection now numbers nearly 2300 different pieces. I also actively hunt for church woods and Christmas issues but I collect all wood that comes my way.

PRESIDENTS MESSAGE

WALTER A. SCOTT

Enclosed in this addition of "Chips "most likely will be the ballots for the officers to carry on "Our Club" into the future. I had hoped to have seen more canidates, but consider all that have entered very good canidates and very good progress into the future of collecting Wooden Money and tokens will be made.

Several oversights were made in the last issue, one being to welcome Ella Ann-Cochrane, as Life Member # 21. Each member that obtains this statis lets us all know of thier confidence in our club that it will continue far into the future. My apology to Winfield Clawson # 1133, whose name has been spelled incorrect on our past two address listings, hopefully such will be corrected in the future. Two additional items included in this bulletin have been established to help to keep our club in the black without a increase in dues and help keep Chips one of

keep our club in the black without a increase in dues and help keep Chips one of the top publications. Number One, the issuance of a special wood and Number two, a request for donations to the club of 50 cents or more for the meeting drawing at Boston, MA. Aug. 19 th., of donated items. I have chosen my wife Mayme, to help as she has done so in previous meetings.

Any item for the betterment of IOWMC. should be submitted to your President or Secretary, that it can be discussed at the Boston, meeting.Let Us Hear From You. The ANA Boston, committee, is planning to have a Mini Theater, set up that every Hobby Groupe, can present a program on there Hobby. Allen Nystrom, has agreed to represent IOWMC. He was chosen being from the First State, to issue wood in the United States of Americia, in December, 1931.

The President's wood issue for this year was designed by Gelvin Leeper, and I'M sure it will be a welcome item to your collection of the annual issues of such.

Have Happy Day'S, Collecting Wood.

BARBARA SEZ BARBARA TRACE Honorary Life Member Nine

IT'S JUST A BLINK AWAY ... And I.O.W.M.C. doors will fly open like welcoming arms to greet the woodies attending the long-awaited annual meeting at 11:00 A.M. on August 19, 1982.

HOT BED OF WOOD COLLECTORS ... It should be a big turnout this year as most of our members are from states that hug Boston, Mass. on all sides. This is fortunate as I hear some familiar faces will be missing this convention and others will attend one day only.

PARTY NOTES ... For those planning on a full stay, August 16–22, many interesting tours etc. are planned. Prices quoted are those charged at the convention. Several dollars less if purchased by advance mail – Salem, the Witch City, August 16 – \$16.00; Battle Road/Lexington – Concord, August 16 – \$15.00; Historic Boston Freedom Trail, August 17 – \$15.00; Plymouth Plantation, August 18 – \$22.00; John F. Kennedy Library includes Matellic Pass, August 19 – \$14.00; Convention badge and program – \$6.50.

MEALS INCLUDED ... Dinner at Wayside Inn - August 17 - \$40.00; clambake at Crane's Beach - August 18 - \$35.00; spouses luncheon at Quincy Market, August 20 - \$20.00; A.N.A. banquet, August 21 - \$30.00; New Hampshire Tour, lunch, including St. Gauden's home and museum, August 22 - \$45.00. "Dig into your poke."

CANADIAN ASSOCIATION OF WOODEN MONEY COLLECTORS ... Will hold their annual meeting-breakfast in conjunction with C.N.A. at the Holiday Inn, Winnipeg, Manitoba on Sunday, 9:00 A.M., July 18, 1982. The breakfast is priced at \$10 per person. I.O.W.M.C. wishes our Canadian friends a happy and successful turnout on their big day.

REMEMBER WHEN ... Steve and Alice Penzes were married at the A.N.A. in St. Louis in 1970?? When Sambo's charged 10¢ for coffee and vowed never to go higher?? When the convention room rate for a double was \$9 at the Americana, Miami Beach?? ... Steve and Alice remain happily married. Sambo's did go as high as 55¢. A double at the old Americana today is \$55 to \$75 and that's the "dead of heat" summer rate.

It is always exciting to learn the election results at the convention. All who run for office cannot be winners. Even if you should lose this time, try again next year. Just the idea that you volunteered to serve your Club is most gratifying. We especially need good workers. Many clubs are not doing too well. It is understandable. It's wise to hang on to your dollars now even if you have "lots of 'em." We have been most fortunate to keep the No.1 spot all these years. We started the whole thing. We're looking good. May it continue so.

1.O.W.M.C. WILL BE BLOOMING WITH BEAUTIFUL PEOPLE ... Hope it is in the cards for you to be counted "in." If only we could bottle the fun and happiness we find at our annual meetings and sell it. Our treasury would be fat and sassy in no time. When the curtain closes on this 1982 Boston convention, may the end results read: A SMASHING SUCCESS WAS I.O.W.M.C.

Happy 200th Anniversary

"Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, that the year 1982 is designated as the 'Bicentennial Year of the American Bald Eagle' and June 20. 1982, is 'National Bald Eagle Day.' . . ."

—Public Law 97-139

97th Congress

The above MAKES it official . . 1982 is the "Year of the Bald Eagle", commemorating the adoption of the Continental Congress on June 20, 1782, of the Bald Eagle as the emblem of the new republic. So, the official recognition given Eagle Emblem Bicentenial Year and Day is a fitting climax to four decades for observance of our national emblem's amniversary.

When President Harry S. Truman had the eagle emblem prominently featured on the Presidential Flag, redesigned and redrawn, he asked White House officials, "Do any of you know why I had a new eagle drawn?" No one did, so President Truman answered his own question; "Because I thought the eagle on the old flag looked too damn anemic". You can be sure that there was anything anemic about Mr. Truman's love of his country - and respect for our flag and national emblem.

The spendid eagles that still wheel majestically in the blue sky of America are part of the original heritage of all of us. We have too long hesitated in giving our full allegiance to the great bird, the Bald Eagle. It is the symbol of our freedom, a symbol we need today more than ever before.

It was on June 20, 1782 that the Continental Congress, after six years of deliberation on the matter, finally chose the white-headed eagle to adorn the official emblem of the U. S. Today, of course, the American eagle adorns not only the Great Seal, but our coins, including our Wooden Money Great Seal set, the President's flag and other official crests of the U.S.A. as well.

In the design of the American Great Seal are included references to Almighty God, to our Country, to our flag and to our people. Most nations of the world have an official seal. Think of these many things when next you look at your "Great Seals" of our Country as depicted on our Wooden Money Great Seal collection. I am very happy to own a set.

Explanation of, Special Issue Design

In Commorating the Boston, MA., meeting of IOMMC. items of special interrest for such are the, Design for the ANA. convention drawn by Jim Clapp, whom had also designed the one for the 1973 convention held at Boston, MA.

George Mashington, after being appointed as Commander of the Continental Army, won his first victory without fireing a shot, as he had fortified Dorchester -Heights, over looking Boston Harbor, and the British, chose to depart rather then fight. We are commorateing Washington's 250 th. Birthday in 1982.

The Boston State House, was the most distinguished public building in our new republic, when it was completed in 1798 and the most visible with its great dome and its situation on Beacon Hill.

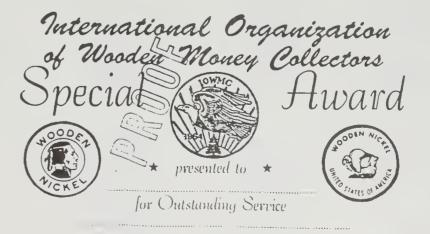

The cancellation authenticates the meeting date and makes the wood issue also a Philatelic Collectors item.

PAYSON, ARIZ. 1882--1982

Located in the exact center of Arizona and nestled among the worlds largest stand of ponderosa pines. Amidts the Tonto National Forest, it is dramatically outlined on the north by the 7000 foot Mogollon Rim which runs for more than 100 miles across Arizona and into New Mexico.

The First Settlers in Payson were prospectors with few belongins and no women; thus they were able to pack in short time and come to the land which the horse soldiers said was abounding with minerals. As the Indian problem became stable, women came to the new area and the frontiersman showed them all the courtesies their sex expected. Most of them worked long hours and had few comforts but generally loved the new home and the wide, open spaces. Payson mines produced little wealth out were factors in the early settlement of the area.

The Payson area was first known as Green Valley out oecause of its size and shape, was sometimes termed Long Valley or Big Valley. John Hise, Surveyor General of Arizona who was living in the area while the Survey work was in progress, and James Callahan, a Blacksmith, laid out the town to be called "Union Park." John Hise's father came to visit his sons and found mail was long overdue. The elder Hise suggested that the people of Union Park should contact Senator Payson of Chicago and see if the town could get a post office. John and William Craig, (Spade Ranch owner) led the move and Senator Payson was receptive. The Postmaster General arranged for a post office to be opened at Union Park on March 3, 1884. The thankful citizens called the post Office "Payson" and agreed the town should be given the same name to avoid confusion. The Senator never saw Payson, Arizona, or Payson, Utah, ooth named in his honor. John Hise who, with his brother, owned the first store in the community, became the first postmaster for a short time. Later, George Bonacker, J. W. Boardman, William Boardman, and others have served in this position. Green Valley, Long Valley, Big Valley, and Union Park are gone, but Payson it is.

A set of Wooden nickels for Payson's Centennial was available at the Chamber of Commerce.

Sincerely Yours,

Death

EMIL DIBELLA

Emil DiBella, 439 Washington St., St. James Apts., Freeland, died Sunday at 4:45 p.m. at the Hazleton State General Hospital after a short illness.

He was born in New York City, son of the late Salvatore and Theresa (Frantantoni) DiBella, and had resided in Freeland the last nine years.

He was a member of St. Anthony's R. C. Church.

He was employed as assistant bank manager of the New York Chemical Bank for 45 years. A social member of the VFW 5010, he was a coin collector for many years and had written many books on coin collecting.

Surviving are his wife, the former Mary R. DaGrossa, R.N., Scotch Hill, Drifton; a daughter, Mrs. James (Gloria) Babcock, N. J.; one grandson; and several nieces and nephews.

The funeral will be held Wednesday at 9 a.m. from the McNulty Funeral Home. A concelebrated Mass of Christian Burial will be held at 9:30 in St. Anthony's R. C. Church. Interment will be in the parish cemetery.

Viewing will be Tuesday from 2 to 4 and 7 to 9.

The rosary will be recited Tuesday by the Rev. Maurice Raymond.

C.W.M.A. holds their monthly meetings in EROC Hall, 1345 East Phillips Blvd., Pomona, Calif at 8:00 pm on the 2nd Saturday.

1982 Officers are Ray Adamson, President, Roy Robbins, Vice-President, Adam Fritzal, Treasurer, Virginia Dennis, Secretary, and Board Members are G. A. Ayers, M. W. Dennis and Earl O'Cathey.

Monthly programs have been very interesting and the latest one was a slide/cassette on "The Story of Our Universe" which was put on by Earl O'Cathey.

To our knowledge, C.W.M.A. is the only club that conducts a monthly drawing for all paid up members, even if they are unable to attend.

Exhibits have been outstanding, with each participate giving a few words on their display.

Interested person(s) can join C.W.M.A. by writing to Secretary Virginia Dennis, 18814 Florwood Avenue, Torrance, CA 90504. Dues are only \$5.00 a year.

Dear Members: Our president Walter Scott, has decided the trip to Boston and the ANA Convention will be quite expensive, so he has decided not to have a special dinner. However, there are many people who belong to both IOWMC and DWMC. DWMC will have a dinner at the Clam Shell which is 3 Or 4 blocks from the Convention Center. Each person can order fro from the Menu with prices ranging from \$7.00 to \$12.00 per person. As Co-Chairman for the event I have ordered Wooden "Tickets" which will make a nice sourvenier. If you wish to attend please drop me a post card so I can get an approx. count. Sincerely,

I just wondered how many readers have their woods stolen by the Post Office employees. Who else? I ordered the Arctic Winter Games wood.

May 7 -- order sent to Fairbanks, Alaska

May 13 -- SASE returned, slit neatly with the receipt and manila envelope still enclosed, but the wood GONE.

Does this only happen to me?

GLEN LITTRELL
Corpus Christi, Texas
1.O.W.M.C. #1388

Born 1913 in Nebraska of Gary Littrell's Grandparents.

Graduated from Morningside College with a B.A. and Texas A&I with an M.A. Coached the famous Winnebago Nebraska Indians to State Championships in football, basketball and track in the late 1930s. Coached Eldora, lowa to conference football Champs in 1941.

Commissioned in the Navy's Physical Fitness program in 1942, and taught at North Carolina and Georgia U in that capacity. Spent all of 1944 at sea on the carrier "U.S. Independence". Assigned to Corpus Christi Naval Air Station in 1947 and coached the team to Navy Championship. Were invited to play Air Force Champs in Sugar Bowl stadium for the Hurricane Bowl at New Orleans.

Changed hats in 1954 and opened three new secondary schools as principal. My King High athletes won the State Baseball Championship in 1967 with the help of pitcher Burt Hooton, now with the Los Angeles Dodgers.

On retirement in 1977, Mrs. Littrell and I were persuaded by son Gary to enter the Numismatic Hobby where we have met many wonderful people. I currently publish a news letter, written in support of the two local coin clubs, one of which I serve as President.

Each year we produce a "Whooping Crane" wood. If you haven't received one ... write.

PRESIDENTS MESSAGE

WALTER A. SCOTT

Now that we are into the Hot Summer, my term as the 18 th. President of our club is about wound down and with little power left much has to be done to insure a good meeting of activity at the Boston, ANA. on Aug. 19 th. in the Dalton Room, time 11 AM. The Board meeting will be held in the same room at 9 AM. We look forward to seeing ones from the past and meeting others.

Donations for door prizes and items for the meeting auction are being submitted. Dot Mack, has made a Quilt as she has done over the years to ad to the other items. Dont forget to send 50¢ or more to try to be the Lucky One. Funds raised from such helps prevent a dues increase.

Ted Wolverton, has reported member wood design's are being recieved for the contest that will help add to the club archive.

By now all members should have recieved the official clubs President Wood issue to enter in thier collection, if not let the Editor know. My personal thanks to Gelvin Leeper, for setting up the design, as he has done many times in the past.

I greatly appreciate the efforts extended by quite a few and will endevor to acknowledge each and every one in " Chips " after my term is up, as it will include quite a few. Our Editor, has done a very big job in getting out the monthly issue of our bulletin along with sending Wood for articals and to the ill members he has heard of if you got missed notify him.

Last but not forgotten are the items set asside that need done to help our hobby grow in the future that surely our new officers will help to complete. We spent the final days of June & first couple of July on a trip to the fair at Knoxville, TN. found no Wood's but 6 Video Expo tokens, did not locate one pavilion that issued a token or run accross the elongate rollers. So far only Bob Kolwyck's flat and Md. ATCA round issued for the Worlds Fair, known of. Traveled on over to Chattanooga to see the Choo Choo and try out the Alpine

On to Boston, and hope to see many of you's there.

Slide. Tom Armstrong, paid us a visit at the camp-ground.

BARBARA SEZ BARBARA TRACE Honorary Life Member Nine

A MAJOR LOSS ... Emil Di Bella, Honorary Life Member Two, one of our most respected and more knowledgeable and more prominent members has passed away. This indeed is the sad news that was conveyed by King Kramer, Honorary Life Member Eight. Our Honorary life membership is small. Only eight of us remain now and the loss of Di Bella will be greatly felt.

MY IMPRESSION OF HIM ... has always been "the grand daddy" of wooden money collectors. By 1960 he had managed to gather the most complete collection of wooden money in the world, for his day, which consisted of over 5000 varieties. Due to ill health and lack of space he sold his entire collection to a collector-friend. However, his interest in wood and I.O.W.M.C. remained loyal and strong.

EMIL DI BELLA'S ... collecting days started in 1916 with U.S. and foreign stamps and continued through the years with coins and other fields of numismatics which included collecting emergency money of the world and in 1933 he became interested in wooden money. In 1950 he entered the field of regular coinage of the U.S. and foreign countries.

IN 1953 ... the many imperfections on Lincoln cents became a fascination to him. He began to study and do research. I used to see ads in COIN WORLD advertising his Lincoln errors. In time he disposed of all his hobbies and devoted full time to writing and research.

HIS ARTICLES ON WOODEN MONEY ... appeared in every numismatic publication and many newspapers including the NEW YORK HERALD TRIBUNE, NEW YORK WORLD TELEGRAM, NEW YORK MIRROR etc., etc., etc. His "History and Check List of Wooden Money" was followed by five re-issues. Emil also wrote the "Check List and Guide to Sales Tax Tokens," and "Check List and Guide to Mint Errors-Cents" and they too enjoyed re-issues. There is more to tell than there is space.

FAREWELL, MY FRIEND ... Emil Di Bella, who was so proud of his Honorary Life Member Two besides his Charter #18 in our organization. You were a great gentleman, a great numismatatist and a great writer. It is very hard to say goodbye.

SOUTH AMERICA ... On a recent cruise out of San Juan, Puerto Rico, ship passengers spent a day in South America. Caracas, Venezuela is an interesting city in which to wander. Other colorful ports were St. Thomas, Martinique, St. Vincent and Curacoa. St. Vincent is a tiny island in the sun. We were only the third ship to visit there this year. I wouldn't mind living in Curacoa. The architecture is very Dutch. Very picturesque and it's a wide-awake town on the go. It was my second visit there. After San Juan debarkation flew to Florida and Miami Beach. Very fond of that sandbox resort and its "Moon over Miami." It was clean, quiet and I saw no problems there. They are in Miami. Last stop before home was the best stop. My beloved New Orleans. I pledged my heart to her one more time. I love this marvelous and historic old Mississippi river town. I wish I could have taken the entire I.O.W.M.C. membership with me. Had 100% sunshine all the way. Cruising is the way to go.

From what I understand, there have been questions as to the genuineness of the Quincy, Illinois wooden nickels. Wendell ^. Morningstar, for example, wrote in the March, 1979 issue of Timberlines that "at one time I could point out all legitimate woods. However, pieces such as ... Quincy, Ill. 1955...I have become confused about. These I will never own unless they come from some resident who obtained them while the celebration was going on." Imagine my surprise, then, when I was at my parents' house and discovered that my great-aunt, Mrs. Florence Ericson, of Quincy, had sent my younger brother two of these suspect wooden nickels.

I immediately wrote my aunt, who responded with more nickels and a promise to send me information on these woods after she talked with a local historian. Several weeks later she wrote again, and provided me with the following information.

These woods were used for a Quinsippi celebration in both 1955 and 1956. The celebration lasted several days each year, and was sponsored by the Junior Chamber of Commerce - the Jaycees. The woods were worth 5¢ when spent at the celebration, but, of course, were kept mostly as souvenirs.

Interestingly enough, this local historian has conjectured that the woods did not go over very well, for while "Quinsippi Days" is still held, the issuance of these wooden rounds was not repeated.

My aunt sent me two red 1956 rounds, and three black rounds, which are undated. While these black rounds normally do not have dates on them, one of the woods sent me has the date "1955" handwritten in ink on it. This helps to confirm the information that the local historian told my aunt - that, while undated, this wood was issued during the 1955 celebration.

The red 1956 round has a buffalo on one side; the black 1955 round has an indian head.

I.O.W.M.C. WOOD/ SOUVENIR PROGRAMS

The 1982 issue of I.O.W.M.C. President's wood has been issued. Additional wood is available for only fifty cents (50¢) each plus S.A.S.E. by writing to the Chairman. Still available are all back issues #1 (1964) thru #19 (1982), with the exception of issue #8. Each year's wood is 50¢ plus S.A.S.E. We are getting low on a few other issues. So hurry, if you want to complete your year set, I suggest you write promptly.

Upon receiving the duplicate woods for 1982, I have a few issues that the wood is blank on the reverse side, and only one that is struck off-center on the obverse. For you error collectors, I think this is a must for your collection. Price of these are 50¢ each plus SASE.

The souvenir programs are only \$1.00 plus .36¢ stamp. This program depicts all wood issued from 1964 thru 1978. Write to the Wood Chairman, Virginia Dennis, 18814 Florwood Avenue, Torrance, CA 90504.

HARRY R.CHANDLER

MIDDLETOWN, PA

Member # 1511

My first collecting hobby was cigar bands, in the '20s. Then it was postage stamps and then a long dry period without much action collectionwise.

My real numismatic start was in the '50s when an associate gave our twin sons a Whitman folder for Indian Heads and Barber dimes. Later I noticed they were disappearing and purchased the remains. I was hooked!!! Luckily.

I am no longer an active coin collector except for U.S. proofs. Too expensive for my retirement income.

I started to collect wooden nickels in early 1981 and have, I believe, a fair sized lumberyard. I have not yet settled into a specific topical category but I like buildings, especially churches and covered bridges; fire equipment; baseball; odd events; festivals; numismatic organizations; etc., etc....

I get a real bang out of hand-crafting my own wood - I started with rounds sliced from a hickory shovel handle and have recently finished a set of 291 balsa flats using Topps stickers of 1981 baseball players and template and rubber stamp lettering, stats, etc.

Have exhibited wood and "Odd and Curious Money" at our local library and really enjoy swapping wood.

My memberships include the ANA, ANS, AWMG, IOWMC, IPO&CMC, MdATCA, NBS, NI, PWMS, and TWMS.

I'm trying to assemble a set of Middletown, Pa. wood and have 18 rounds and 7 flats - official, personal and adverts. They start with 1955 Middletown Bicentennial through 1982 Emanual United Methodist Church and exclude "Chan-Mades".

PRESIDENTS MESSAGE

I WOULD LIKE TO THANK THE MEMBERS WHO VOTED FOR ME AND GAVE ME THE HONOR OF BEING THE 19TH PRESIDENT.

WE HAD A REAL FINE TURN OUT AT OUR ANNUAL MEETING IN BOSTON. I HAD THE CHANCE TO MEET MANY OLD FRIENDS AND NEW ONES.

Thanks to the many members that have helped dureing my term as President of Our Club. The final days of my term were rather busy trying to get all items in order for the annual meeting, its been many years since chairing a meeting. The task of listing members for appreciation awards is difficult endevoring not to overlook one, which surely will happen.

One always hates to think of the loss of our members especially this year two very outstanding, L M # 2 Emil DiBella, the originator of the "Guide Book of Wooden Money" and the loss of J.Douglas Ferguson, will be missed in the numismatic world. My personal Condolence, is extended to all others and thier

family. Hugh Threlkeld, will be missed at our Boston, affair.

The last Presidents message included my intent to list ones that took some active part and will attempt to do such hopeing not to miss any.

Another IOWMC Club Meeting, has pasted with a great time by those able to attend the Boston ANA Convention. We had a small room letting the 43 attending be close together, as I like. Coin Worlds, representive was very nice and took a lot of pictures of the meeting which will most likely be published.

The meeting went along great from 11 AM to 2 PM, leaving some rather hungry. The members that had wood issues for the event were, Flats - Marion Beardsley, Frank DeGilio, Tom & Ruth Armstrong, Steve & Alice Penzes, The Beagleys, herb Simon and Walter & Mayme Scott. Rounds - Sgt. Omer Noel, Irvin Canter, Scoop Lewry, Toni - Cichy, Herb Simon, Ginnie Aldridge. Many others had personal or other handouts. By the time this issue of Bunyans Chips, arrives all that sent orders for the special club wood issues, recieved awards or won one or more of the raffel items should have recieved such, if not please let me know also the 2inch club issue

My sincere wish is that all that supported my term and many more join in to support the new officers. The more workers the better OUR CLUB will be.

that was sent with " Chips " and efforts will be made to correct.

Our membership stood at 375 at meeting time and 2 have payed 1982 dues since, and I expect to see us top the 400 mark before next years meeting. Keeping our club moveing requires members efforts and complaints being known that efforts can be made to correct them.

The wood design contest did not bring in the amount of ones members have had designed over the past 18 years, but ones entered will ad some to the club archives. Surely the winners are happy with thier plaques, and proud to display.

Past President - Scotty

TIMMINS 7°0 th ANNIVERSARY WOODEN NICKEL

TIMMINS 70th ANNIVERSARY 1912-1982

A wood token has been issued to commemorate the 70th anniversary of the City of Timmins. The town was carved from the b ush and settled in 1912 after the disasterous Porcupine fire of 1911. It was named after Noah Timmins, President of the famous Hollinger Mine, one of the greatest Gold producers in the Western Hemisphere. In 1964 the discovery of the Texasgulf Copper-zinc ore body (now Kidd Creek Mine) brought new prosperity to the area.

Timmins was incorporated as a city on January 1, 1973 when it acquired a total area of 1,200 square miles which included the Town of Timmins, and settlements of Schumacher, South Porcupine, Porcupine, Gold City, Gold Centre, Hoyle, Mountjoy and Connaught, making it the largest city in Canada - in area.

The souvenir wooden nickel may be obtained by writing to D. J. Smith, Box 1746, South Porcupine Ontario, Canada, PCN 1HO. The price is 50 cents each plus SASE or 3 for \$1.00 plus SASE (30 cents Canadian stamp).

GIVE ME FIVE?

He said, "Give me five" so, naturally, I stuck out my hand for him to shake. He shook it and, laughing, handed me a wooden nickel. "I meant \$5.00," he said.

This mythical conversation could have occurred in 1981 between a customer and the cashier at Sutliff, Pa. (Sutliff Chevrolet Co.) 13th and Paxton Street, Harrisburg, Pennsylvania.

Sutliff's "Golden Anniversary" celebration began with a wine and cheese party Tuesday June 9, 1981 in the V.I.P. Lounge at Strawberry Square in downtown Harrisburg. On Wednesday, during a Golden Caravan of Values parade, Sutliff's employees paraded through central Harrisburg tossing out discount tokens, T-shirts and cash to people along the parade route. The caravan, complete with police escort, consisted of nearly 75 new Chevrolet cars, on ten new car carriers, and a dozen trucks with a value of approximately \$1,000,000.00.

"Wooden" ya know? the discount tokens were in fact wooden nickels good for \$5.00 credit towards \$25.00 in the Service Department.

The obverse of this wood contains the familiar "Chevrolet" emblem and is lettered: \$5 CREDIT TOWARDS \$25/ emblem /SUTLIFF/50th ANNI-VERSARY/GOOD UNTIL/10-1-81/SERVICE DEPARTMENT "reverse" • DON'T TAKE WOODEN NICKELS • /FOR THE REAL MCCOY SEE OTHER SIDE, surrounding a small Indian head, left, in a circle, in black.

When the wooden tokens were turned-in for credit they were hand countermarked with the date and/or the voucher number. Some 100 were turned in proving their popularity as a collectible.

A total of 5,000 wooden nickels were purchased from Phillip Levin & Co., Harrisburg April 22, 1981, having been manufactured by Elpee Co., San Antonio, Texas.

Sutliff Chevrolet Co. was founded October 1931 by brothers Leo and Ellis Sutliff with 21 employees and new car sales of 350. It was then located at 407 Cameron Street, Harrisburg where it remained until 1948. Gregory L. "Greg" Sutliff, the current president and general manager, is a son of the late Ellis Sutliff.

Over 135,000 cars and trucks have been sold in the past 50 years with nearly 5,000 sales in 1978 alone. The company has grown from a modest-sized 2-story building on 2 acres to a sprawling 12 acre facility including 8 buildings with about 100,000 square feet of floor space.

There were also wooden nickels issued in 1968. They were similar to the '81's except the emblem was missing and they were good for \$1.00 towards \$5.00 credit attesting to the inflationary trend. It is believed these were also printed by Elbee.

Three new wooden tokens issued recently by L.H. "Scoop" Lewry, Moose Jaw, Saskatchevan, are now available to collectors.

A wooden dollar issued jointly by Al Bliman, who was dealer booster for Scoop as Coin Week 1982 chairm n is printed red on the obverse and blue on the reverse. Al Bliman is executive secretary of the Canadian Association of Numismatic Dealers, Toronto, Onterio.

The second woods dollar is the third in Scoop's "Double Louis" series this is Double Louis III and is printed in red both sides. One side commemorates
the Canadian Numismatic Association Convention in Winnipeg, Canada, July 15-18,
1982 and the other the American Numismatic Association convention in Boston
August 16-22, 1982.

Lewry has also announced his candidacy as mayor of Mooss Jaw for October 27, 1982, and has issued a wooden nickel for the event. This is a regular size wooden nickel, printed in black and suggests voters vote for him in the slection.

A three-wood set will be sent to collectors for \$2.00 postpaid. The mailing address is: Louis H. "Scoop" Levry, 1161 3rd Avenue N.W., Moose Jav, Saskatchevan, Canada S6H 3V1.

I noted your recent member profile of Glen Littrell and would like to express my viewpoint. Glen and his son, Gary have taken such an active part in our hobby in the last few years that they should be used as an example of how a few folks can create an interest in our hobby. The old addage of throwing a pebble in the water and seeing the ripples move on and one are very close to what these dedicated folks have done for numismatics. The warm and friendly Texas hospitality has been felt from California to New York and from Mexico throughout Canada in new friends, new interests and new members for our hobby.

My sincere congradulation to Glen and his family for the fine work they are doing for all of our hobby.

Joined A.N.A. in 1967, and attended my first convention in Miami Beach that year. Was completely fascinated by the meetings, bourse and friendly people. Entered the I.O.W.M.C. meeting room by mistake and was asked to count ballots. It was a tiny meeting of 6 or 7 people, and the late Tom Hudson and Steve Penzes were running for President. It ended up by my purchasing \$5.00 worth of wooden nickels, and joined I.O.W.M.C. shortly after.

This is my 15th anniversary in I.O.W.M.C. During the years I have collected almost everything collectable but always my first love remained wooden money. Have finally settled down with Canadian, Christmas, Hawaiian and hand painted pieces. Have a huge collection of flannel flags that were given as cigarette premiums prior to WW I, also a collection of medals and tokens but no longer active in that field.

Portrait appointment arrived very late so must "pinch hit" with myself for the November issue of CHIPS until portraits start to arrive. I know we have some wonderful members with some very interesting backgrounds and stories that would prove highly interesting to our "friendly family of collectors", so take pen in hand now and send it in to your Portrait Chairlady Barbara.

Recently, our group, Christian Singles of Colorado, issued a wooden nickel for use in the group. The first group that we received had an error on it. We re ordered the woods and received the correct one.

We will sell the set of 2 woods for 25¢ plus an SASE to anyone that wants them. They can write to me at the address below for these woods.

BARBARA TRACE Honorary Life Member Nine

THE OSCAR OF THE WOOD WORLD ... Is the literary award. I owe it all to the members who voted for me to receive this most coveted honor. Many, many thanks. This is my third literary and this thrill was equally as great as the first. It could not have happened without your support. It has touched me deeply. Whoever you are and wherever you are, I love you and thank you most profusely for bestowing this honor upon me. Thank you too, Tom Armstrong, Awards Chairman.

SO THE STORY GOES ... Many of the "Old Guard" were missing at the Boston convention, am told. It was at these events that we gathered annually to enjoy each other's company and discuss wood. Usually most of us checked in at the main convention hotel. This year only a handful did so. Some woodies were as far as 30 miles away and others settled at less expensive hotels. Much of the pleasure is lost when we are separated. The happy sounds of woodies were missing where double rates were \$87 to \$99 per night.

A MIX-UP ... Some A.N.A. conventioneers learning of the Boston-Sheraton's newly created and well publicized \$59.95 rate asked for and received the lower cost upon checking in. Some of the staff was caught off guard and allowed the lower rates to go through for convention registrants. A hotel executive said the intent was for the rate to apply only to transients on a limited availability basis and not conventions, tours or any group business. Hotel officials said that if A.N.A. had picked up the entire 1075 rooms the hotel blocked out, based on past history, the hotel would have closed the \$59.95 rate. It filled only 621 rooms.

GORGEOUS EXPERIENCE ... After corresponding for years with Kazuma Oyama (# 1020) of Wahiawa, Hawaii we finally met in Waikiki this past summer. Met his Helen too. Beautiful people. The hospitality shown this traveling woodie was outstanding. Learned much about Hawaiian culture. Was given some great Hawaiian wood for my collection and several packages of goodies to munch on at home. The Oyama's were at the Honolulu airport the final A.M. to snap pictures and to place a lovely lei on my shoulders. Aloha and Mokala Kaz and Helen.

LUCKY ME ... Henry Krause (C-151) lived in Honolulu over 20 years before moving back to the mainland. He is well known to Hawaiian collectors to this day. Unable to house many of his hobbies in his new apartment, Henry gifted all of his Hawaiian wood, dog tags and beautiful Hawaiian first day covers to me. This is Henry's 80th birthday month. Many, many happy returns, dear friend. Aloha and Mohala to you, too.

THE STARS OF I.O.W.M.C. ... I warm my hands on good memories as I start this 13th year on portraits. Many of you have "covered" our CHIPS over the years and each one received was a treasure. You are the stars and will live forever in the history of I.O.W.M.C. Those following in our foot steps will be reading of you in future years.

Very Best Wishes to the newly elected officers.

The Little Theater

On Wed. Aug. 18 th the second day of the American Numismatic Association, convention at Boston, IOWMC, had a spot for the presentation of the hobby of Wooden Money Collecting, at the Little Theater, set aside from the bourse.

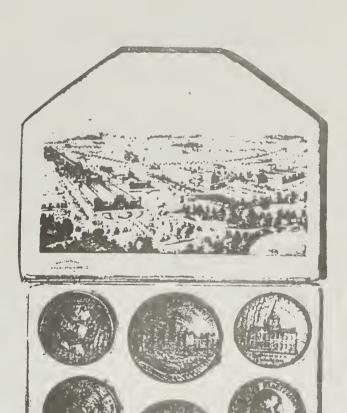

The most logical person to present the program, was a member from the state of Washington, where the first issue of Wooden Money, originated in Americia. Allan Nystrom # 585 from Seattle, accepted the request to present such.

The program started with the reason for the issuance of Wooden scrip by Tenio, Washington, in December of 1931 and on through 1932, and the issue of the tax Wood in 1935. Also the issues of Aberdeen, and Bremerton, 1933 (Old Ironside, visit) Blaine, Olympia, and South Bend 1933/34 continueing on to later issues. Slides were shown of the various issues and norrated. At several points Byron Johnson, a leading numismatis of Washington State, was ask to fill in additional infromation.

Two display cases were filled with many of the issues, some recently and a few corresponding notes. It was regretful that the bourse sound system at times almost drowned out the speaker. Of 27 seats 24 were occupied and the one hour of alloted time went very fast.

It was with great pleasure to see the ANA Boston representative present a medal of appreciation to Allan, and at the IOWMC. meeting present him with a Appreciation Award Wood, for a job well done.

Walter A. Scott Past President

When Walter Scott contacted me regarding the making of a Collectors Hobby Interest listing, I thought it a very good idea. And, I accepted the challenge of receiving these various lists from collectors, with the eventual typing of a so-called master list to be published in our Club's news-letter "CHIPS".

Now, all this has proved to be a disappointment to me; and I'm sure to Mr. Scott as well. As of this writing, I have received hobby and collectors interests lists from sixteen (16) people; and that includes my wife and myself. Of the hundreds that belong to our Club, that is not a very good showing.

I realize that some collectors DO NOT want or like to have their hobby interests published and become a common known factor. In fact, I have heard from two or three that have expressed that opinion. And, I admire these people for saying how they feel. That is their priviledge and they certainly have a right to their own feelings and opinions. This is the U.S.A., and hopefully it will stay that way.

But, I,m also positive there are more of you out there that are willing to let your hobby interests be known. This, so a lot of swapping, trading, buying, and even selling can go on. This, so each of us can rid ourselves of items we have just lying around, and possibly do some of that swapping, trading, buying, or selling for items that we would like to add to our individual collections.

Through the years, I have sent sugar-sacs, match folders, advertising pens, calling cards, beer coasters, license plates, dog tags, place mats, napkins, and numerous other "GOODIES" to collectors. Some times as a swap or just to help a fellow collector. I'm sure most of you have also done this a time or two, so you know what I mean.

So, why not a concentrated general listing that is published in our news-letter, letting every one know exactly what we are interested in.

I am no typist; I do my with the one finger, hunt and pound method. My spelling and punctuation would give an English teacher night-mares. But, I have agreed to take on this job (at first Mr. Scott and Mrs. Mack has asked me to continue) and I would enjoy being swamped with letters containing such listings; be it wood or other-wise. So, let me hear from you. Send to: GEORGE S. HILL 1514 North Grant Ave. Kittanning, PA. 16201.

INTERNATIONAL ORGANIZATION OF WOODEN MONEY COLLECTORS

Vol. XIX Dec.1,1982 Issue #11

Dr. Mildred Bulpitt #572 Phoenix, Arizona

Although no longer an active collector of wood myself, I continue my membership and interest in IOWMC for the same reason that I joined the organization a number of years ago. I am interested in the great variety of items that people collect and in the organizations that they form to exchange news and views about those items. As a result of that eclectic interest, I have belonged to a number of collectors' organizations over the years and have a heterogeneous collection of examples of things that others collect. I also have made a number of valued contacts ... some of them pen-pals of sorts ... by collecting low or no-cost items for other people. Since I travel a fair amount on business, it is easy, for instance, for me to help out people who collect match books, hotel stationery, sugar sacs, etc.

My own hobby interests at the present time focus on postcards with an emphasis on pre-1920 exaggeration cards (those with outsized rabbits, grasshoppers, fruit, vegetables, etc.) and early scenes of Phoenix. But, I also collect postcards in general, attempting to put together a collection of examples of categories that other people collect.

I am Assistant to the Chancellor of the Maricopa Community Colleges, a seven-college district with headquarters in Phoenix. Our colleges serve all of Maricopa County, an area of over 9200 square miles, and enroll over 65,000 students in credit courses, and about 100,000 more in non-credit programs.

My congratulations to all of the IOWMC officers, and particularly those who write for and edit CHIPS, for all of their work for and dedication to the organization.

PRESIDENT'S MESSAGE

CAN YOU TYPE TEDIT ARTICLES TPUT A BULLETIN TOGETHER AND WANT TO HELP IOWMC? WELL NOW IS YOUR CHANCE. WHEN THE Dec. ISSUE OF CHIP'S GOES IN THE MAIL WE WILL NO LONGER HAVE AN EDITOR.

HAROLD HAS WRITTEN THAT HIS PLANS FOR THE COMING YEAR ARE TO TRAVEL THE U.S., SO

HE MUST RESIGN.

IM SURE THE ENTIRE MEMBERSHIP JOINS WITH ME IN THANKING HAROLD FOR THE EXCELLENT

JOB HE HAS DONE. HE WILL BE HARD TO REPLACE AND MISSED GREATLY.

THE JOB OF EDITOR IS BY NO MEANS AN EASY ONE THE FACT THAT YOU ARE ON THE BOARD OF GOVENORS AND GET TO VOTE IS NOT WHERE IT STOPS. NOT ONLY DO YOU HAVE A DEADLINE TO MEET BUT USUALLY HAVE TO BEG FOR ARTICLES OR STORIES. CHIP'S IS A VITAL PART OF ORGANIZATION AND IN MY ESTIMATION THE EDITOR IS ONE OF OUR MOST IMPORTANT MEMBERS. WE NEED A VOLUNTEER.

A SPECIAL THANKS TO MR. DE GILIO WHO HAD A POSTCARD MADE UP IN BOSTON AND

DONATED \$25 TO IOWMC FROM THE SALES.

WITH THE HOLIDAYS APPROACHING FASTER THAN MOST OF US LIKE TO THINK I WOULD LIKE TO TAKE THIS OPPORTUNITY TO WISH EACH AND EVERY ONE OF YOU A MERRY CHRISTMAS AND A HAPPY NEW YEAR.

LET US ALL MAKE A RESOLUTION TO MAKE 1983 A BIGGER AND BETTER YEAR FOR IOWMC.

DOROTHY C. MACK

MY LAST EDITORIAL....

Our plans for travel have finnally got to where we can plan for 1983-4. In fact this Issue is late because the Cadiz fossil dig date was set ahead by 2 weeks a trip that was 3 years planning... And our Baja trip comes Dec 15...3 weeks ...etc... Anyways Pleasure comes before, business at my age.....What time i will have will go into the Wooden Xmas Book for IOWMC...and my 2nd edition of ARIZONA Woods...our contract with the printer is up so future costs would be much higher prehaps the new EDITOR can get a better rate.. I have enjoyed serving the club in a minor way...altho I think the 2 most important posts are the Sec. & next the editor...to hold a club together,, having been Exc Sec of 2 clubs for 20 years also editor I know what happens when either job is slighted..... Will keep in touch in the CHIPS pages from time to time if we can

CHRISTMAS ... Is a time for love, beauty, and peace ... probably the most beautiful and sacred word in the dictionary. Just say the word and your heart becomes lighter and the whole world seems brighter. A time for good thoughts and good deeds. A feeling of kindness and serenity. How wonderful it would be if only we could make every day a Christmas in our hearts.

NICE GOING, FRED WERSAN (#416) ... This is one of our juniors grown up and married now. This past August it was he who captured the Don Major Award at the A.N.A.-I.O.W.M.C. I met this handsome young lad at the 1971 Boston convention. He stood straight and tall in a very crowded I.O.W.M.C. meeting room to express his opinions. He greatly impressed me and I sought him out after the meeting to congratulate him, and asked him to keep in touch, which he has. I wish I had been at 1982 Boston to see my young friend claim his Don Major Award.

SAMBOS ARE RETURNING ... Is the news I hear. That would be great as Sambo-time was a good time for us old Sambo collectors. I understand discussions are on for a completely new design. But I also read in the business section of the LOS ANGELES TIMES that 48 Sambo restaurants were most recently sold to Denny's. Whatever course Sambos takes, we wish them good luck.

DID YOU KNOW? ... Vernon Brown (#399) is celebrating his 50th year as a wood collector. His start was with Teninos given him by the Chamber of Commerce in 1932... Applause for George Hatie (#260). A.N.A. honored its immediate past president by naming him the recipient of the Farran Zerbe Award, the organization's highest honor. Our member, the late great J. Douglas Ferguson of Canada was inducted into the Hall of Fame, another of A.N.A.'s greatest honors. His contributions to his fellow numismatists are unforgetable.

THANKS FOR ASKING ... Mail in arriving inquiring why BARBARA SEZ was not in October issue of CHIPS. Gave the pen a vacation for a month as we had travel plans. Notified our good editor in plenty of time, of course. Thanks. Nice to know I was missed.

FUTURE CONVENTIONS ... A.N.A.-I.O.W.M.C. convention for 1983 will be in San Diego, California on August 15-21. The 93rd A.N.A.-I.O.W.M.C. 20th anniversary convention will be in Detroit, Michigan, July 30 to August 5, 1984. It will be Baltimore, Md. for A.N.A.-I.O.W. M.C. on August 4-11, 1985. The 1986 convention will be back in California, in San Francisco, and the little cable cars will be running again.

CANADIAN WOODIE ... Paul Johnson (#1278) was invited by the California State Numismatic Association to be a speaker at their Education Forum during their recent convention in Anaheim, California. The Canadian Association of Wooden Money Collectors had a nice get-together in Winnipeg during the C.N.A. convention, about 30 attending and each receiving a C.A.W.M.C. wood. One was saved for my collection. Thanks. Canadian woodies are just great.

BEST WISHES ... for a Merry Christmas and a Happy New Year. Remember, God loves you.

MULE DAYS CELEBRATION

Bishop, California, located in the Eastern High Sierra Recreation Area, claims the title of "Mule Capital of the World." This claim is based on the fact that the Bishop area has nearly 1000 miles. These mules are used by the many Pack Stations in the area. They are so proud of the fact that each year they hold an Annual Mule Day Celebration during the Memorial Day weekend. The celebration starts on a Friday evening in Bishop, CA at the Tri-County Fair Grounds. Then on Saturday morning the big Mule Day Parade takes place. Participants of the parade include the U.S. Forrest Service, Yosemite National Park and Sequoia-King National Park. Display entries demonstrate how mules were used in the early days. Some comedy entries are always good for a big laugh such as a mule carrying a bed, an out house or a bath tub.

Following the parade they have a mule shoe shoeing contest. This is some contest, as some of the old timers put forth their best efforts and show how a quality shoeing job can be done on all four feet of the mule in five minutes; and they demonstrate both the speed and the skill.

Then Sunday brings on several events that prove to be exciting and educational such as mule races - barrel racing - calf roping and pole bending contests. There is also a braying contest. This give owners or contestants the chance to mimic the star of the celebration. Some not only act like a mule, they really sound like one.

Sunday morning brings us to the Big Pancake Breakfast under the clear blue skies that is served with hot coffee. After that—the halter and reining contest, then the pulling contest; and the grand finalle is the choice of the judges to count up the accumulated points of each mule to see which one has won the title of "World Champion Mule."

During the 1982 celebration, May 28-29-30 and 31, the Chamber of Commerce of Bishop, CA issued a set of two wooden nickels for this celebration. They are the standard 1-1/2" round wooden nickel. There is a black wood and the other wood is red. The black wood is the small Indian Chief in a circle of black with wooden nickel on top and face 5¢ value on bottom.

The red colored wood is the charging buffalo with wooden nickel on top and face value of 5¢ on the botton. Both reverse are alike except for color and say Mule Days, Bishop, CA.

We received ours by writing to Chamber of Commerce, 690 North Main Street, Bishop, CA 93514. You may want to try your luck.

Dear Members:

At our meeting in Boston in August, I was instructed to have Mr. Schmal insert a self addressed envelope and membership form in the Bunyan Chips to remind our members that dues are due starting on Jan. 1, 1983. If you should receive one of these envelopes and you know that your '83 dues are paid, why not recruit a new member and hand the envelope to him. Also, you will notice that I did not put a stamp on the envelope. The less the club has to pay out, the more secure the \$5.00 dues will remain.

Now since I am a new secretary, I have decided to start a card file on each member. So I would appreciate it if you would all put your birth date and anniversary date on the form before sending it back to me. If you wish, you might also list what particular woods you collect, if you have a preference. I know that Mr. Hill is trying to compile this list and I would be happy to help him on this project.

I wish all our good members a Merry Christmas and hope that you will all choose to remain members, at least for another year. We have a good club with a lot of friendly people and the hobby is fun!!

I.O.W.M.C. WOODS/SOUVENIR PROGRAMS

The "Special" wood issued by I.O.W.M.C. have arrived and these issues commemorate the ANA/ IOWMC 1982 meeting held in Boston, MA. There are two types; one cancelled at the convention and the other not cancelled. Cost of cancelled woods are \$1.25 plus SASE; and uncancelled ones are \$1.00 plus SASE. Postage for one piece is 20¢; two pieces 37¢. Write: Virginia Dennis, 18814 Florwood Avenue, Torrance, CA 90504.

Souvenir programs are only \$1.00 plus 36¢ stamp. The program depicts all wood issued from 1964 thru 1978.

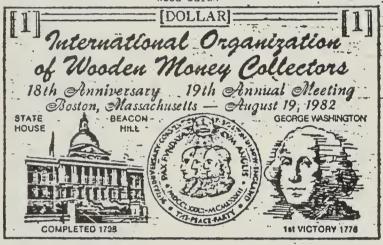

Past issues of the President's wood are still available, with the exception of issue #8. Cost is 50¢ each plus SASE.

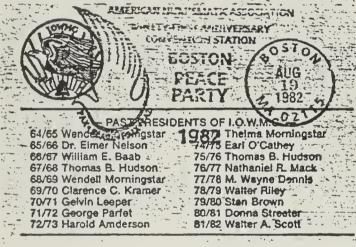

..... Response has been very good from the publicity in the "Numismatist." If you don't have these woods, I would suggest you write for them now.
